*Make sure your children's clothes are clean—smart—safe*

Every wise mother has three reasons for getting all the children's school clothes dry-cleaned before school-opening.

First, her own self-respect and pride demands it. Second, she knows that it teaches her children pride in appearance. Third, dry-cleaning removes all hidden dirt—grease stains—the grime of the street and atmosphere—leaving in the garments no place for germs and micro-organisms to settle and thrive. Dry-Cleaning is not only clothes insurance but a health safeguard.
