## Cook County Fair Is Abandoned at Palatine

There will be no Cook county fair this year. That is the news that comes from Palatine, seat of Cook county's annual agricultural exposition during its dozen years of precarious existence, says a Waukegan paper.

Facing a deficit year after year, or at least ending without a profit; operating on a margin so narrow that a rainy day during the fair would swing the pendulum to the debit side of the ledger, promoters of the fair, most of them Palatine business men, have become disheartened. When the annual meeting took place this year, not enough members of the association appeared to elect officers. There was a deficit of between ten and fifteen thousand dollars from the 1929 fair, and old officers declined to make further effort to stage a 1930 show.

## Orders State Police to Silence Noisy Cars and Trucks on Highways

Walter L. Moody, chief of the state highway police, last week ordered his men to silence unnecessary noises by automobiles on public roads. He referred particularly to the rumble and bark of exhausts from the engines that carry freight over the state's highways at night to avoid the congestion of daylight hours.

"We have received many complaints," he said, "about unmuffled motors roaring through cities, villages and the countryside, disturbing the sleep of residents near important pavements. This night movement of truck traffic has become so heavy that it will be a public nuisance until the operators reduce the noise.

"Although there is some doubt whether the Illinois motor vehicle law prohibits the operation of a car without muffler, almost all of the municipalities of the state have ordinances that provide fines for drivers of the roaring machines. The state highway police can make arrests for violations of these ordinances, but first we want to warn the truck owners."

## Deputy Sheriff Named Member State Police

The appointment of Deputy Sheriff Harry Quandt as a state motorcycle policeman, and the indication that Deputy Sheriff John DeSmidt of Highland Park will be given a similar position, will strip two more men from the forces of Sheriff Lawrence Doolittle, says a Waukegan paper.

A few weeks ago Deputy Sheriff Edward Dunne, of Wauconda, won a position with the state and the sheriff concluded that his resignation would not call for a replacement in the personnel because the appropriation in his office was being exceeded.

The sheriff admitted that he probably would not replace Quandt, who first came to the Waukegan police force after 19 years of service in the navy, or DeSmidt as both came from the county highway force and their removal would not be disastrous after Labor Day when traffic drops to a minimum.

If this program is carried out the force of the sheriff will be skeletonized by the first week of December when he will turn over his keys to a successor.

## Warrant Issued for Alleged Embezzler

A warrant charging embezzlement was issued last week at the request of State's Attorney A. V. Smith for F. M. Mathewson of Evanston.

Mathewson is alleged to have sold mortgages for a trust company which is now defunct. He is alleged to have obtained \$1,000 from persons in

Lake county as a representative of the trust company.

Col. Smith, in asking for the warrant was continuing his drive against confidence workers who mulct property owners and residents of Lake county. During the past several months Col. Smith has taken action against the "smooth working" agents who are alleged to have obtained large sums of money through fraudulent means. Several of these cases have been settled out of court with the alleged confidence workers making full restitution to the victims.

## Lake Co. Democrats at the State Convention

The Lake County Democratic Central committee was well represented last week at the Democratic convention held at Springfield and local delegates contributed their viewpoints in embodying in the party platform, the repeal of the Eighteenth amendment.

Those who attended the convention were:

John O'Keefe, chairman; Joseph Jadrich, Frank Jeffers, Joseph Daly, Charles Wightman, Al Maether, Peter Duffy and Frank Russo.

## Annapolis Appointment in District Next Year

One youth in the district of Representative Carl Richard Chindblom, Illinois, is going to the Naval academy at Annapolis next year.

Announcement was made last week by the Navy department that a vacancy exists in the Tenth Congressional district of Illinois and that Representative Chindblom will be called upon to make recommendation of a principal and two alternates. They will have a chance to take the examinations preliminary to appointment to the academy.

## Says County Board Is Not in Favor of Plan Offered by Physicians

The fight of the Lake County Medical society for a change of policy at the county hospital will be of no avail in the opinion of Supervisor Harry Stratton of Lake Villa, who believes that if the matter should come to a vote that the vote would decide 2 to 1 in favor of the present plan of having a salaried physician in charge, according to the Waukegan Times.

Stratton is of the opinion that conditions there are as satisfactory as the amount of money to be expended permits.

### Must Center Responsibility

"The services of a county physician who can be held responsible for making calls on the poor who need his services will always be necessary. The medical board suggested by the Lake County Medical society would only attend to hospital cases and there would be too much divided responsibility," he stated.

They used to talk a good deal about the senators which were elected by the legislatures, but at least they didn't cost as much to elect as the ones we get in the primaries.

### WHATEVER YOU NEED

in the way of plumbing supplies you can obtain from us. We carry a full line of tee joints, bushings, valves, and everything else you can mention. Wherever you need anything in our line, and want it in a hurry, just come here and we'll fill your needs quickly, and at lowest prices.
