

A Buying Opportunity!

(Personal)

Men in your own locality keep the A&P store nearest you in touch with the A&P system. The food on its shelves is there because you have asked for it. A&P is made up of many such stores, just as the United States is made up of many communities like your own.

Your A&P store serves you better because it is part of a large system, just as your community suits you better because it is part of a great nation.
