

"Come Back to the Station"

You may be driving with your family some Sunday when suddenly a motorcycle policeman appears and orders you over to the side. "Turn around and come back to the station with me," is the command. "What in the world have I been doing now?" you wonder. He tells you quickly enough and you realize you have been guilty of a traffic violation.

At the station a fifty dollar cash bail is demanded. You are able to produce only twenty-five. After much frantic telephoning to friends and relatives, a friend finally is found at home.

One hundred thousand motorists travel in the sixty-two counties of Illinois and northern Indiana, comprising the territory of the Chicago Motor Club, free from the worry of not being able to supply bail in cases of alleged traffic violation. Their membership card is a bail bond.

Present your membership card to any officer in this territory, and if the bail demanded is not in excess of \$100, it may be used to secure your release.

In addition to bail bond service, the club provides members with such service as these:

Free mechanical first aid and towing service at any hour of the day or night.
Travel service which provides you with maps, logs and the most complete and up to the minute advice on road conditions.

Accident prevention work, which seeks to cut accidents, especially among school children, by means of safety posters and by fostering school boy patrols.

Home district service, which attends to special conditions around your home, such as seeing to it that refuse is promptly removed.

Insurance service, which provides the following features: The valued form policy, which in the event of total loss, pays the face value of the policy. Accessories are covered without additional charge. Last year the "exchange" returned cash savings to subscribers amounting to \$711,332.11. Automobile insurance sales amounted to \$3,894,706.04.

Write or call for further information. Sixty-four branches: 34 downstate; 30 in Cook County. Dues per year \$10.00. Enrollment fee (first year only) \$5.00.

Highland Park Man Rescues Three from Their Burning Ship

Out for an early morning sail in his sloop, the Blanca Flor, Walter Reed of 198 Edgecliffe drive, Highland Park, head of the Boy Scouts, accompanied by two Chicago friends, rescued three Chicagoans from a burning yacht just before the craft sank two miles off Oak street last Thursday.

One of the men saved was severely burned, however, when the 35-foot sloop, the Mildred II, caught fire and sank.

Those rescued are Norman W. Blondell, 4517 North Lawndale avenue; his brother, E. A., of 554 North Long avenue, and R. E. Coyle, of 538 North Leamington avenue.

The Blondells and Coyle set out for an early morning cruise on their boat, when the craft caught fire either from an exploding kerosene lamp or a lighted cigaret tossed by one of them in a cabin.

The flames spread rapidly through the cabin, and an explosion resulted when they reached the gasoline tank. The three men tried to check the blaze, and seeing that their efforts were futile, took to the dinghy and rowed away.

The Blanca Flora, another sloop, occupied by Reed, Jerry Masek of the Columbia Yacht club and Frank Hayes, 411 Fullerton parkway, sighted the burning ship when half a mile away, and hurried to the rescue.

They picked up the passengers and brought them ashore. Norman Blondell had been burned on the face and hands while trying to extinguish the fire, and was taken to a hospital for attention.

Reed is a Northwestern university graduate. In the four years he has been a sailor he has figured in several rescues. Last year he rescued four children and several adults from a disabled sailing vessel off Belmont harbor.
