DR. RIGHT
and
DR. LEFT

THE FEET of the child who wears these newest of Pool & Piper shoes are safeguarded every hour of the day by the vigilance of these two experienced specialists in maintaining youthful foot-health—Dr. Right and Dr. Left.

Our lifetime study of the anatomy of the growing foot is represented in the specifications under which these shoes are manufactured for us. The result is the accuracy of fit so necessary alike to the healthy foot and to the foot in need of corrective strengthening.

NOTE the inner shank construction shown in the illustrations above—it's just one of the features designed to give adequate support for strengthening the flexible muscles and ligaments. Combination lasts with heels two sizes narrower than standard.

We place emphasis, not upon a wide selection of styles, but upon complete ranges of sizes and widths for perfect fitting.
