

**Many Homes Here
Marked by Tramps**

Many housewives in Ravinia and Highland Park have been noticing during the past few weeks that their homes have been marked by tramps migrating south for the winter, whom the housewives have been good enough to feed. These marks are usually found on the front sidewalk and are made with water crayon or paint, so it cannot be erased from the sidewalk. A warning is given to women to be careful whom they feed, for if their home is marked they will be bothered to death with tramps.
