The Slime of the Serpent

Anonymous letters in all periods of history have been the weapons of the coward and the sneak and should meet prompt relegation to the waste basket or the garbage can along with other rubbish. No reputable newspaper ever pays any attention to such missives, and no rational person should for a moment consider the vile and unsupported charges of the irresponsible writer of anything which he is too cowardly to sign. In political campaigns too often this despicable plan of besmirching a candidate's reputation has been resorted to by the kind of vermin which always infest political organizations and help to make them in bad odor with the public. An instance of such an anonymous letter broadcast throughout Lake county occurred this week. Its contents are too conspicuously false to be worth repeating. The public is warned against such political filth. It is the slime of the serpent.

South Sheridan Road Bridge Closed This Week; Repairing Floor

Detour on S. Sheridan road all this week is caused by reason of repairs being made to the roadway of the S. Sheridan road bridge in Highland Park, which has been in bad condition all summer. The wooden blocks which composed the floor of the bridge kept "blowing up" and it was necessary to renew the entire section. The work was done by the city street department and asphalt was used for the new roadway on the bridge, a good job resulting. Another gratifying feature is that through having the work done by the street department a saving of about \$1,500 was effected. This is greatly to the credit of the administration and the street department.

No Bridge Tonight

The Thursday night bridge party and buffet supper scheduled for September 25 at the Briergate club has been cancelled. Notices will be mailed the members later for the party to be held October 9.
