

### Delay Presenting Fox Murders to Grand Jury

States Attorney A. V. Smith this week declared that a lack of evidence would make it impossible to take the triple gang slaying at Fox Lake before the next grand jury. The investigation is being carried on and he hopes to have the matter to lay before the December grand jury.

### Local Women to Visit Settlement Aided by Flower and Fruit Guild

Local women interested in the Chicago Plant, Flower and Fruit guild have been invited to a "visitation" of the settlements and social centers which are the beneficiaries of flowers collected by the guild. Personal invitations have been sent out by the following:

Miss Mary McDowell, Chicago University Settlement, Miss Harriet Vittum, Northwestern University Settlement, Miss Lea Taylor, Chicago Commons, Miss Mary Amberg, Madonna enter, and Miss Gertrude Ray, Howell Neighborhood Settlement.

This visitation marks the completion of a successful summer's work by the Flower guild. A number of new stations for the receipt of flowers were opened this year, including the Illinois Central station, Randolph street, Mrs. T. E. Moritz, general chairman; LaSalle Street station, Mrs. H. E. Wulfing, general chairman; Aurora-Elgin station, Mrs. B. B. Cooley, general chairman. The North Western station has operated as in previous years under Mrs. Walter S. Underwood as general chairman and the Union station with Mrs. Dean Workman as general chairman.

The flower season of the guild closes officially on October 3, but it is expected that the same committees that have functioned so well during the season will arrange a program of Christmas activities for the benefit of the institutions which have been receiving flowers.

### Lake Zurich Residents to Continue Their Fight

With Master-in-Chancery Dady holding to his original opinion that inland waters not designated as navigable by the government are to be used only through the permission of property owners, residents of Lake Zurich are making plans to carry their objections to the report of Circuit Judge Edward Shurtleff when he convenes court here October 6.

At the meeting it was agreed that the case would be carried to the United States Supreme court if necessary in order to get a favorable opinion.

The master based his opinion on the government survey of 1837 in which it was held that Lake Zurich was not navigable.

### State Supt. Blair in County For Two Days

Francis G. Blair, state superintendent of public instruction, is a guest in the county Thursday and Friday of this week during which time he will confer the honor of a superior ranking on three of the schools in the rural district, he notified T. A. Simpson, county superintendent of schools.

Only one program is definitely set and that is at Saugatuck school, where Mr. Blair will award the superior grade Thursday afternoon.

The two other schools that won honors and will be recognized for efficiency by the state are Milburn and Oakland.

Mr. Blair wrote to the county superintendent to confirm his early wish to be present for the three programs.

### Welch Plans to Be Candidate for Judge

The legal barrier that probably will keep the name of Attorney James G. Welch of Waukegan off the Democratic ticket as a candidate for circuit judge will not banish him from the field he declared last week as he laid plans for the fall campaign, according to a Waukegan paper.

"There can be a blank where my name should be. It will be eloquent. The people of my party are an intelligent electorate and they can write in the name of James G. Welch," he declared.

There had been talk that Welch would mandamus the supreme court to place his name on the ballot but he admitted that this action is improbable.

America will never need a Mussolini so long as the voters can express their views through two well organized political parties.
