Highland Park Leads N. S. Towns in Building for Month of August

Highland Park leads all north shore communities in building activity during August, with a total of \$213,718, according to figures compiled by S. W. Straus & Co.

Waukegan was second with \$95,000 with Lake Forest third, \$79,361.

Other Lake county communities listed are Libertyville, \$27,470, and North Chicago, \$3,150.

Those Democrats who voted for Senator Norris in the Republican primary didn't do it because they love the Senator more but because they love the Republican Party less.

Appropriate \$1,000 for Rescue Work in Drownings in County

On the motion of Supervisor William A. Rosing, of Antioch, the county board of supervisors last week passed a resolution appropriating \$1,000 to be expended if necessary in the recovery of bodies of drowning victims in the lake regions.

Rosing was prompted to take the

action, he pointed out, because there was no one responsible for the recovery of bodies, although the sheriff had been doing the work as well as possible.

Each supervisor will be responsible for getting bodies in his township in the future and the firemen of the communities will be asked to aid in the work.

Looking after the welfare of 123 million people is a great responsibility for any President.
