15. Never; it should be strictly avoided.
16. Yes; it is the courteous thing to do.
17. If any doubt exists, she should not wear the dress.
18. White.

County Judge Secures Extra Pension Amount

County Judge P. L. Persons, through amending a provision in the Mother's pension act as prepared by State Director Rodney Brandon, made it possible for Lake county to get close to \$2,100, an amount it would not have received through the old provision, the county board of supervisors was told last week.

The county is entitled to half of what it spends on mother's pensions and the appropriation is \$5,000. The county got under this mark for the year by close to \$800. The appropriation next year will be \$10,000 although the expenditures will not exceed the present year, it was pointed out. This additional appropriation will allow the county to get its proportionate share from the state, it was revealed.

The radio may have replaced the cradle in many homes, but the results as far as neighbors are concerned are not different.—Odessa Democrat.

Refuses to Vacate Judgment in Antioch Palace Contempt Case

Circuit Judge Edward Shurtleff last week refused to vacate a judgment order sending Robert C. Abt, banker; Henry L. Lowrey, plumbing contractor; and Richard Macek, builder of the Antioch Palace and fight promoter, to jail for contempt of court.

As a result sentences and fines imposed July 29, will be effective as follows: Abt, 10 days and \$200 fine; Lowrey, 30 days and a \$200 fine, and Macek, 90 days in the county jail. All the men are from Antioch.

On the motion of Attorney George W. Field, counsel for the defendants, a stay of execution of ten days was granted and 60 days allowed for a bill of exceptions to carry the case up on an appeal.

The Waukegan Yacht club's fight against paying gasoline tax for gas used in the operation of motor boats died before it started when uninformed members were advised that they can recover the tax they pay for gasoline that goes into their craft.

By the way, what has become of the man who once argued that the sun is gradually losing its heat? — Des Moines Register.

Milk is your best food ... drink more of it!

Wieland's Milk

Its outstanding quality is protected by every safeguard known to modern dairy science. Teach your children the "milk habit." Make them grow to be healthy men and women!

See that they drink at least one quart of milk each day
