## URGES BENEFITS OF HIRING LOCAL LABOR

(Continued from page 4)

Moreover the work done by our own mechanics is usually of a much higher quality than that done by outsiders. This is strikingly so in the case of garages. The difference in money cost between a portable garage and a real one built by a good carpenter is relatively small, yet we buy the flimsy structure believing that we cannot afford the better-looking home-built garage which in the long run is the cheapest of the two.

May I add a word about the cost of labor. Some of our men belong to no organization and are free to set any price they see fit, others are bound by a union pledge and while I am no advocate of labor unions, it hardly seems to me honorable to ask a man in straitened circumstances to break that pledge before it is automatically reduced by scarcity of work.

### Will Effect Saving

Few of our workers make more than they are entitled to. A very substantial saving can be made by having good work done in a careful way by those we can trust. In fact a saving of this kind amounts to many times the few dollars lopped off a worker's pay.

## Sunset Valley Tee Club to Close Year Tuesday; Golf, Luncheon, Cards

The Tee club of Sunset Valley will close its first and very successful season next Tuesday when the members will play golf in the morning and following luncheon, will have their first card party in their newly furnished lounge on the second floor of the club house. Four golf prizes are to be given that day: one for low net and one low gross prize for each of the three classes into which the members have been divided, and in the afternoon there will be a bridge prize for each table.

While this will be the last day of the season for which special golf events are to be planned, the members will continue to meet at the club each Tuesday as long as the weather permits playing.

The final round of the club tournament was played off this week between Mrs. Victor Fabian and Mrs. Jacobs and was won by the latter.

Mr. and Mrs. Witt have moved into the Thilo Toll apartment on Waukegan road formerly occupied by Mr. and Mrs. Leonard who have rented one of the apartments in corner building.

The Deerfield school boys' patrol started the week beginning Monday September 22, 1930. With seven of last year's boys on it. Other boys will be appointed later.

## Y. W. C. A.

### Girl Reserves

Mrs. Carl McManus, perhaps known to many because of the work of her husband with the Boy Scouts, is assisting with the work of the Girl Reserves of the Y. W. C. A. this year. Mrs. McManus was a Girl Reserve while in high school in Detroit, has had a great deal of experience working with girls. She conducted the community daily vacation church school in Glencoe this summer. The fall work is being set up under her direction.

### Hear Ye! Hear Ye!

Hear Ye, Girl Reserves. The regular meetings will start Monday, Sept. 29 at your regular time and place. Cubs Sr.—Monday, Cubs Jr.—Tuesday, Deerfield, Wednesday, Deerfield Jr. 5 and 6 grade Wednesday, Wilmot G. R. Friday, Makio, Friday, and L. L., Friday.

Advisors will get in touch with each girl before the set date. Many interesting things are planned for each group this year. Don't forget, meetings are starting the week of September 29.

### Girl Reserve Hike

Saturday morning fifty-eight rollicking G. R. and three advisors started on their "Fall Tramp" down the rough shores of Lake Michigan. During the tramp much thought was put on the tasty lunches which each hiker carried. It was decided, after much discussion that games and races be played to work up an appetite before lunch. After a number of minutes of romping an unanimous vote was taken to eat. A fire was built for numerous hot dogs that accompanied the hungry travelers.

After lunch the champion sand-diggers of the Highland Park Girl Reserves showed their skill by contesting in digging the widest and deepest hole in two minutes. A prize was presented for this unusual contest. Songs were lead by Marjorie Kendall and fifty-eight happy, tired girls tripped happily home.

The Girl Reserves have been asked by Mrs. Charles Benson to assist in the sale of the Blue Forget-me-not Saturday, Sept. 27, 1930, for the disabled American veterans of the World war. Many have signed up both from Deerfield, Highwood and Highland Park. If others wish to avail themselves in service for this worthy cause, please phone the Y. W. C. A. There will be a meeting of the workers for instruction of work and assignment of hour, at the Y.W.C.A. after school Friday evening.

Mrs. Harry M. Pier, membership chairman of the board of directors of the Y. W. C. A., has issued invitations to members and friends of the association to a tea at the building

Monday, Sept. 29 at 3 o'clock. The Choral club of the Highland Park Music club will sing, and Miss Esther Huckins of the national board of the Young Women's Christian association will in her interesting and enthusiastic way present some of her experiences in the association work. Miss Huckins is not a stranger in Highland Park, having lived here, a friend and roommate of the former secretary, Miss Helen McQuillen.

## Disabled Veterans to Have Forget-Me-Not Day

It has been a source of intense gratification to thousands of disabled soldiers in and out of Government hospitals all over America to realize that each year their organization, The Disabled American Veterans or as they call it, the D. A. V's has had the support and confidence of the leaders of our Nation. This has been amply proven by the proclamations issued on the occasions of Forget-Me-Not day by President Wilson, President Harding, President Coolidge and President Hoover each year. It has also seen a warm endorsement by the Director of the U. S. Veterans Bureau which is the agency set up by the Government to handle the claims of disabled veterans.

The D. A. V. is the only veterans organization composed exclusively of disabled World War Veterans congressionally recognized as their official spokesman.

The peak of the load of disabled men will not be reached for another 10 or 15 years. The D. A. V. must be prepared to help the many unfortunate disabled men and their families, whose claims will constantly be demanding attention and concentrating on the one plank of their program of "Helping Disabled Men to help themselves."

The Foreget-Me-Not appeal will be made on Argonne day, Saturday, September 27.—Contributed.

## Daughter of Postmaster Injured in Auto Crash; Husband Also Is Hurt

Mr. and Mrs. Gerald Culver, while on a honeymoon trip in southern Ontario, Canada, suffered painful cuts and bruises and their car was considerably damaged when it skidded on a freshly sprinkled pavement and struck a tree, in St. Thomas, Ont., Sept. 13. They were in a hospital there several days and report very kind treatment on the part of the people there, despite that they were strangers. Mrs. Culver was formerly Miss Alvira Schneider, daughter of Postmaster and Mrs. Hugo Schneider of Highland Park. Mr. and Mrs. Culver returned home a few days ago and are at present visiting friends in Chicago Heights for a few days.

In my candidacy for membership on the Oak Terrace School Board (to fill office vacated by Herman Juhrend) office to be held for two years, I am asking my friends for their support. Election day is September 27th.
