### D. A. R. Better Film Committee Review

This community will not soon forget the privilege that was theirs in witnessing one of the epochal pictures of all times, the first scientific study of the greatest unknown land in the world, and we are grateful that the Byrd Antarctic Expedition film was shown for three days with a children's matinee. Thanks is due our local manager. Among the coming attractions are:

"Let Us Be Bay" Norma Shearer, Rod La Roque and Marie Dressler in the best production that any one of the three has made recently. The picture is taken from the play by Rachel Crothers and the clever lines and splendid cast afford exceptional entertainment for adult audiences.

"The Song of the Flame" the names of Alexander Gray and Bernice Claire are sufficient guarantee of excellent music. The picture has a Russian setting, is entirely technicolor and has spectacular scenes, native and colorful costumes and dances.

"White Hell of Pitz Palu" story laid in the Alps, well acted and with most extraordinary photography of thrilling scenery and the perils of mountain climbing. Effects are most striking and novel, and the question constantly recurs "Where was the photographer?" This is excellent entertainment for youths and if not too strong—good for children to see.

"Song of My Heart" starring John McCormack, renowned Irish tenor. This picture is an outstanding musical achievement, magnificently recording his golden voice. The direction is most excellent for the 12 songs are skillfully woven into a story that does not seem to center around a voice. Delightful entertainment for the entire family.

## HIGH SCHOOL TEAM PLAYS WALLER NEXT

### First Game of Season on Home Field on Saturday; Go to Oak Park Oct. 11

Deerfield-Shields high school team will play Waller high Saturday of this week on the home field in their second game of the season. Last Saturday Thornton defeated the Deerfield team, 33 to 7.

The game Saturday will be the first of the season on the home field, team is making a good showing, and a big crowd is expected. The Coach Peel says, although a number of the squad need experience. Weaknesses have been corrected during the week's practice, and prospects are for a better game against Waller than they put up against Thornton.

The probable lineup is: Maiman, center; Bob Lester, guard; Leonard, guard; Funk and Benvenuti, tackles; Segert, left end; Rudolph or Garling, right end; Tom Strenger and Tom Jones, quarters; Rogan or Carlson, left half; Berube or Bartlett, right half; Worthington, Daugherty or Lowe, full back. Rogan, Bartlett and Ruby are doing good passing and kicking work.

On October 11 the first league game will be played with Oak Park, there. Proviso is next on Deerfield's schedule, October 18, at Proviso; on October 25 Morton plays here; Waukegan high comes here November 1, and Deerfield goes to Evanston November 8.

On November 15 the big final game of the season will be played against New Trier. It is the Deerfield-Shields home coming game, and a big attendance of alumni and friends of the school is expected.
