Here's vitally good news for every thrifty one who appreciates exquisite quality cleaning. We have temporarily lowered our prices to enable every one in Highland Park to become thoroughly familiar with the superior quality of Miraclean. We want you to measure its results with ordinary cleaning. We urge you to give it every test of comparison. See how much cleaner your garments and household things appear. Note how much longer they stay clean.

Check this list carefully — don't delay. Bundle up the things that need cleaning and renewing. There is no limit to the amount, the more you send the more you save. And when you open your bundle and see our exquisite work, you, too, will become a Miraclean booster.
