

MIRACLEAN PRICES CUT

The response to our Dollar Specials of last week was so tremendous that we have decided to extend our offer for an additional limited time so that every one in this community may have the privilege of discovering for himself the superior quality of Miraclean.

This is a period of economical buying—of thrifty habits—of careful comparison and we urge you use this occasion to find out for yourself just how much better Miraclean is than ordinary cleaning. We urge you to give it every test of comparison. See how much cleaner and brighter your garments and household things are. Notice how much longer they last, retaining their fresh, new appearance. Surely, here is a cleaning service that merits your full consideration. Call for our driver—take advantage of our special prices before it's too late—enjoy the thrill that always accompanies Miraclean.
