

### THREE BALLOTS TO BE VOTED ON NOV. 4

#### Main One With Names of Candidates; Others on Questions of Policy

Lake county voters will receive three separate ballots when they come to the polls on Nov. 4, according to County Clerk Lew A. Hendee, who is today preparing the official sheets for the election.

The first ballot will list the candidates for the 16 elective offices in the county and state, including nine different party nominees for the United States along with Mrs. Ruth Hanna McCormick and J. Hamilton Lewis, and the tax amendment proposition, as outlined in the News-Sun on Sept 27.

#### Six Questions

The second ballot will bear six questions to be voted on including the three relating to the liquor question. And the third ballot will have the state forest conservation proposition.

There are to be 62,100 of each ballot distributed among the precincts in the county, or a total of 168,300. There are approximately 40,000 voters in Lake county. According to the state provisions each precinct must be allowed as least fifty per cent more ballots than there are voters.

Lake county, which has a third class rating for voting purposes in Illinois, will hold two registration days. The first registration day will be on Oct. 14 and the second will be a week before the election, Oct 28.

Voters at the Nov. 4 election must have been a resident of Illinois for at least one year, a resident of the county in which they vote for at least three months and in the precinct for at least 30 days.

### Libertyville Man Is Head of T. B. Society

George B. Follett of Libertyville was last week elected treasurer of the Lake County Tuberculosis association to fill the vacancy caused by the resignation of W. T. Hardie.

Mr. Hardie, in tendering his resignation, stated that he was planning to leave for California for a short stay. He will remain on the board of directors of the association.

W. E. Hall, chairman of the Christmas seal campaign, was authorized by the association to obtain a list of the automobile owners of Lake county so that the association's mailing list may be enlarged in the seal drive which will start here on November 28.

832 Waukegan Avenue  
Highland Park Illinois

### Still Seeking Man Who Is Believed Connected With Deep Lake Murder

State's Attorney A. V. Smith has renewed his drive to locate Harry Higgins, ex-convict and hoodlum, who is under indictment on a charge of murdering the unidentified woman at Deep Lake March 9.

Col. Smith, through placing a reward on the man's head, has been close on his heels at several times, but never in a position to bring him

from one state to another with little ease, due to the fact that there was no indictment.

A ring of keys found in the ashes of the cottage which served as the funeral pyre for the woman, were identified as belonging to Higgins.

All efforts to identify the body proved futile as the remains were badly charred from the blaze that burned the cottage to the ground.

The theory of the prosecutor is that the woman was slain and then locked in the cottage where her mur-

derer hoped to burn her body to ashes and conceal the crime.

The last seen of Higgins was in St. Paul, Minn., a former home of the man. He was located there but had left the city before the police could get their hands on him.
