MIRACLEAN

Quality Dry Cleaning at a Fair Price

In every line of business one product stands out above all others. Its superiority makes it the ruling favorite. The public demands it because their confidence in its quality is based on careful comparison and true worth. In the cleaning business Miraclean enjoys this well earned distinction by the best people who know—by people who appreciate the advantages of being well-groomed—by people who regularly have their clothes properly cleaned to prolong the life of their garments—by people who know that cleanliness is necessary to health and success.

Miraclean quality is not only seen—it is also felt. It gives you a feeling of freshness and cleanliness not present in ordinary cleaning; because Miraclean does more than clean and brighten the surface. It frees the fabric "pores" of all dirt and impurities. Then, too, it is gratifying to know that your garments are serviced in an ultra modern plant, with an abundance of fresh 'air and light including ample space to make working conditions ideal. Garments entrusted to our care are always returned fresh and lovely and the most delicate fabrics unharmed.

Do you want your clothes to **look** cleaner, and **feel** cleaner? Do you want them to stay clean longer? Do you want them to be absolutely odorless? Then try Miraclean tomorrow—be assured of better quality. Call Shore Line Cleaners early.
