Junior Drama Group Organized in Ravinia

A junior drama group, which is to function in co-operation with the Ravinia Drama Workshop, has recently been formed. The membership is made up of young people who have had amateur theatrical experience in high school and college.

The seriousness of purpose, vigor and vitality which they display is most gratifying to a representative member of the Workshop, who attended one of their weekly meetings.

Original plays are being written by several members of the group. At an early date an open meeting will be held at the Ravinia Village house, at which one or more of these plays will be given, discussed and criticized.

It is the purpose of the older group to give these young people the heartiest co-operation and support in such ways as may be truly helpful. The juniors, however, will function freely, as an independent group, creating and experimenting with their own ideas. This fine overture of youth will undoubtedly prove highly stimulating to the older members of the Workshop. Contributed.
