## This Matter of EATING—

TO THOSE who do not appreciate the  
delights of wholesome food, appe-  
tizingly prepared—the matter of the  
selection of a place to eat means little.  
BUT the reason folks like to come here  
is because they know we have a wide  
variety of delicious foods to please the  
palate of the most discerning.

## New Chevrolet Model to Be Introduced on Saturday; Bigger Car

Definite assurance that Chevrolet will introduce a new car for 1931 on Saturday was revealed recently at Cleveland, O., during the staging by Chevrolet factory officials of the first 50 dealer meetings to be held in the next five weeks throughout the country. Included in a carload of equipment brought in for the meeting was a new car substantially bigger than the current model, and extensively changed in appearance.

Although the meeting was closed to the public, it was learned that H. J. Klingler, vice-president and general sales manager of the Chevrolet Motor company, who attended the meeting here, told the 500 dealers and associated bankers in attendance at the Cleveland auditorium that the car would be publicly announced next Saturday, and that, despite its increased size and improved appearance, it would be priced considerably below current levels. A burst of applause greeted the unveiling of the car, and when the announcement of new lower prices was made, a wild cheering dealer group interrupted proceedings for several minutes.

The car is longer than the present Chevrolet, and changes and refinements are so extensive that it has a decided "big car" appearance, one dealer reported.

## Discuss Reduction of Gas Rates in Meeting at Highland Park, Nov. 7

Plan of a campaign to force lower gas rates in 10 cities and towns of the north shore were laid at a meeting of representatives of these communities, in Highland Park Friday night.

Co-operation was indicated by representatives from the city and village administrations of Waukegan, Winthrop Harbor, Zion, Lake Bluff, Lake Forest, Highwood, Highland Park, Glencoe, Winnetka and Kenilworth. The city of North Chicago and the village of Libertyville both of whom will benefit under a charge in rates, were not represented. The North Chicago city council is co-operating in the move, however.

### To Name Committee

Formation of an organization of officials of the 12 cities and towns who will share in the benefit of lower gas rates was decided upon and Mayor L. J. Yager of Waukegan, who presided at the meeting, was instructed to name a committee of three to supervise the organization of the group.

The gas rates now range on a sliding scale basis from \$1 to \$1.30, with a 10 per cent reduction for payment within 10 days from receipt of bill.
