

DEERFIELD HIGH IS BEATEN BY EVANSTON

Strong Downshore Team Tramples on Bluebacks, 54 to 0; Some Features

Evanston's Wildkits showed the reason why they are Suburban league champs and the most powerful high school team in the country by ending their season with an imitation track and field meet that terminated in a 54 to 0 victory over the Deerfield-Shields varsity gridgers last Saturday.

The Wildkits had a great number of reserve men quite the equal of their regulars, they outweighed our men by over 20 pounds, their team was not as over worked and overplayed, and they had the knowledge that they were to play a weaker and less powerful team, a team which did its best and gave everything they had, but their best wasn't enough.

When Goacher, Sullivan, and Merrill got started on runs, the bluebacks didn't have a chance. "Tiny" Goacher, the big gun in the Evanston seige, ended his football career by making three touchdowns, crashing through the line for long gains, and generally making himself feared by Deerfield. Sullivan and Merrill, a midget in size but not in playing, garnered a couple of the "six pointers" apiece.

In the line, "Bill" Holmes and Hall were two men to be feared, as they each weigh around 200 pounds and know how to use it.

Although playing a losing game, the fellows on the team showed a spirit that far eclipsed that of Evanston.

Two in First Quarter

Evanston scored two touchdowns in the first quarter, three in the second, and made the rest of their points in the last half. The extra points were made by passes and line plunges.

Evanston displayed some perfect interference. With one of their star backs on the receiving end of a trick play, the line and rest of the backfield made an almost impenetrable barrier. They attempted several passes and completed the greater number. Goacher ran 40, 60, and 30 yards for touchdowns.

Deerfield tried a few passes, but line plays were in majority. The bluebacks were within 30 yards of their opponents' goal only twice. The kicking was about even, as were the passes.

Frosh Lose

Though playing against great odds, a powerful and 40 pound per man heavier team, the Deerfield Freshman-Sophomore team lost to Evanston by only one touchdown, the final score being 13 to 6.

Gigantic Epic of Savage Life in Africa to Show at Alcyon Sun. and Mon.

"Africa Speaks," which comes to the Alcyon theatre on Sunday and Monday is a graphic motion picture and sound record of a trip taken by Paul L. Hoefler through the hitherto unexplored regions of Africa.

Hoefler, who represented the Colorado African Expedition, started inland from Lagos on the Atlantic Ocean. His objective was Mombasa on the Indian Ocean. As the expedition sped along the roads, herds of wildebeeste, kongoni and tommies were encountered. Such gorgeous bits of natural beauty as the Ripon Falls, source of the Victoria Nile, were photographed by Hoefler's cameraman.

Two weeks spent among the pygmies of the Ituri forest resulted in some remarkably intimate motion picture studies of these mysterious little people of whom the civilized world knows little. At Dikwa, in Northern Nigeria, Hoefler and his party were entertained royally by the Emir of Dikwa himself.

In Tanganyika the explorer obtained one of the most amazing motion picture phenomena ever made. This was of the gigantic swarm of locusts that flew over the great plains while the expedition was there.

The giants in the film are the members of the Wasara tribe. Many of them are seven feet tall and few of the warriors are less than six feet.

The Wasara savage is extremely superstitious, and inflicts horrible wounds on his face to frighten away evil spirits.

These are only the highlights of the vast amount of material obtained. Every detail of the trip was carefully recorded in thousands of feet of film and the result shown in this production is at once the most colorful and thrilling depiction of life in the wild African jungle ever presented.
