**Net Operating Income  
of North Western Road  
Reduced During October**

October net operating income of the Chicago & Northwestern Railway will fall \$761,000 short of the \$3,442,759 reported in October, 1929, according to preliminary estimates made public this week by Fred W. Sargent president, according to Chicago newspapers.

He estimated that for the full year the company would cover its fixed charges about one and one-half times which would indicate net earnings of about \$4 a share on the common stock.

Gross revenues last month were about \$3,000,000 below the \$14,870,351 reported last year, while net

available for dividends was about \$2,000,000, a decline of around \$1,200,000 from last year, when \$608,000 of non-operating income was included.

The fact that November traffic thus far has been below expectations is due to lower grain prices, he said.

Great Northern Railroad will show net operating income for October about equal to last year's figures, despite the fact that gross revenues will reveal a "considerable decline," according to Ralph Budd, president.

**H. S. Lightweights End  
A Successful Season**

Deerfield's lightweight football season ended on November 8 when the lights were defeated by Kenosha 7-2. The lightweights have had a very successful season—winning six games and losing two.

The team was coached by Mr. Thurston, with Art Fox acting as captain. All of the seniors who played this year will be missed very much by the squad.

Among those in the line who are leaving are Art Fox, Ed Hornberger, Harold Evans, and Bill Watters. Paul Rubly, Leo Zanier, Kenneth Masonic, and Edward Toomey, in the backfield, are also playing their last season.
