

Judge Persons Honored by Welfare Association

Judge Perry L. Persons of Waukegan was last week named chairman committee by the State Welfare association, in convention at Springfield, to fix the time and place for the 1931 conference of the Illinois public welfare group.

Ossoli Plans Luncheon and Bridge Nov. 25; to Have Lecture Series

The Ossoli club will have a buffet luncheon and bridge on Tuesday, Nov. 25. Reservations must be in by Saturday evening. Call H. P. 165. Members may bring guests.

A series of four lectures will be given by the well known decorator Ernst Von Ammon. The first of these lectures will be given on Thursday, Dec. 4, at 10:30 at the home of Mrs. Roswell B. Swazey, 540 Hawthorne lane. This course is open to the public at a nominal fee.

Judge Persons headed the delegation from Lake county, Mrs. Mary Polmateer Funk, president of the Illinois Probation Officers' association, headed a committee in charge of the breakfast held Thursday morning by that body. Legislation concerning their particular duties was the subject of discussion.

Others from Lake county were Supervisor Frank Burke from Waukegan, Supervisor Charles Wilcox from Libertyville and Philo Burgess, superintendent of the county home.

Mrs. Burgess also accompanied the group.

Highwood Is Seeking Land to Establish A Park on Lake Front

Civic organizations and leaders in Highwood, are sponsoring an effort to secure lake frontage for a municipal bathing beach and seven acres of land for a public park, in order to provide greater recreational facilities

for the community in seasons to come. This announcement was made by Mayor Raymond Roth, who stated before War Department officials, congressmen and other federal authorities.

Highwood is without available land for a public park and all of the lake frontage is owned by the Fort Sheridan military reservation, which forbids the public from using it for recreational purposes, the mayor explained.

Help the man who wants to work

The United States is a wealthy nation. At present, we are experiencing a temporary reaction from the record good times of the past few years. Competent judges look forward to the return of sound conditions in the near future.

The first step towards the return of American prosperity is to relieve promptly the distress which this temporary depression has caused, and to free the hearts and minds of our people for constructive work.

The unemployment situation is critical. Unless it is speedily met, we face a winter of hunger and distress for families whose bread-earners are without work and without funds. The great majority of family men now unemployed are asking not for charity, but for a job.

* * * * *

The Social Service Committee is composed of Highland Park business and professional men, formed at the request of experienced organizations of this city. It is a clearing house. It wants to send you a man or a woman to do work for you. Even though it is a small job, it will help. Also, we want clothing, food, etc. for the relief of these people.

The magnitude of the undertaking requires that everyone give according to his means. We urge those who are employed to contribute promptly and generously to aid those who want work and not charity.

Help us. — It is an act of good citizenship. To relieve the present unemployment distress is a step toward the return of prosperity.

SOCIAL SERVICE COMMITTEE

Central Avenue
Highland Park 4000

OFFICERS

Mr. H. F. Kelley, Chairman

NATURALLY SHAPED FOR GROWING FEET

Any Doctor will say: "As you prize the health of your children and value their sturdy limbs see that they wear such shoes as these."

Little Grippers, like the famous Ground Gripper shoes for grown-ups, are the natural shape of the normal foot. The soles are pliant to exercise and strengthen the feet and legs, and they are broad in the toe for complete foot freedom. In these shoes a child walks naturally with toes straight ahead, for the heel is wedged to insure correct balance. There are no better nor longer-wearing shoes for children's feet than Little Grippers.

To help protect your children from the peril of the streets, have them join THE LITTLE GRIPPER SAFETY CLUB
Come in for full particulars.

LITTLE GRIPPER

A Ground Gripper Shoe for Children

Open Saturday Evening until 9

1735 SHERMAN AVENUE
