

Constance Lee, three-year-old daughter of Mr. and Mrs. W. E. Lee of Waukegan died last Thursday in the Lake County hospital following injuries in an automobile accident the previous Monday afternoon.

The Illinois Commerce commission has authorized increases and decreases in the cost of shipping carloads of coke from Waukegan, North Chicago and Great Lakes to Beach, Zion and Winthrop Harbor.

Box Turtles Numerous About Waukegan Dunes

A few of the thousand box turtles which were deported from South Chicago to Waukegan Flats recently are still to be seen perambulating about their new home. Most of them are lying about the beach quite nonchalantly and contemplating the fast approach of the winter season.

Many have been observed burrowing into the ground to escape the cold spell. Inquiries have been coming from the district as to the sudden appearance of the large population of turtles there. Early last week they were brought there in the custody of the Illinois Humane society after crawling from Lake Michigan to unsafe territory about South Michigan avenue.

Before long, most of the turtles will burrow into the ground to protect themselves from the cold weather.

After our first summer picnic we are convinced of our attractive personality. A million chiggers can't be wrong.—Florence (Ala.) Herald.

North Shore Chiefs to Discuss Plan to Handle Auto Traffic

Aroused by the large number of automobile accidents that have occurred within the past month on the north shore, police chiefs from Evanston to Glencoe, as well as those from towns to the west, are inaugurating a drive to end reckless driving.

During the last month, there have been 28 accidents in Evanston, half of the victims being children. Two were killed and 24 injured. According to Franklin M. Kreml, director of the Evanston bureau of accident prevention, foggy Autumn days as well as inadequate street lights were important factors in these accidents. With the installation of Evanston's proposed lighting system, Mr. Kreml looks for considerable decrease in pedestrian accidents.

However, Evanston has effected a 50 per cent reduction in fatal accidents, there being only five smash-ups so far this year.

But Evanston and Niles Center being close to the border of heavy Chicago traffic have a serious problem to contend with. The terrible accident in Niles Center last week in which two lost their lives has resulted in the agitation of Police Chief Charles Collins to bring about a drive to reduce accidents. There have been six fatalities in the western suburb in the last two weeks.

Careless driving has resulted in many accidents in other north shore towns, and according to Chief of Police William Freeman of Evanston a conference of police heads from these towns may be called shortly to regulate north shore traffic.

Waukegan and North Chicago banks will pay out close to \$228,000 in Christmas savings the first part of December, it was revealed in a survey of the banks.

Bandits robbed the L. K. Denman store, 1601 Belvidere street, Waukegan, of \$60 last week when they entered and forced Mr. and Mrs. Denman to turn the money over to them at the point of a gun.
