

# Even more than you expected and hoped for . . .

Most car owners expect great advances by Cadillac each year. You'll not be disappointed when you see the new Cadillacs and LaSalle, which are now ready for inspection.

You'll realize more than ever that Cadillac and LaSalle worth mounts as production is increased.

All that Cadillac-LaSalle engineers have derived from their many experiments—all that has come out of millions of miles of observed performance of V-8 engines—all this rich fund of knowledge has been brought to bear on the creation of the new Cadillac and the new LaSalle.

## NEW CADILLAC V-type 8

The price range of the new Cadillac V-Type 8 is between \$2695 and \$3795, f. o. b. Detroit.

LaSalle prices are from \$2195 to \$3245, f. o. b. Detroit.

These quotations represent savings of from \$180 to \$900. Not in 14 years has Cadillac offered prices as low. And never in its history has Cadillac produced as fine cars.

The G. M. A. C. deferred payment plan, combined with the allowance on your car, will reduce your payments to a very moderate figure.

Come in, inspect and test these cars. You may find that the new low prices remove the last barrier between you and Cadillac or LaSalle ownership.

### Notable Exhibition of Antiques in Chicago

More than one and one-half million dollars worth of antiques will be exhibited at the Chicago Antiques exposition, held in the Palmer hotel, November 10 to 15, according to an announcement by Felix Mendelsohn, managing director of the exposition. One exhibit alone is valued at \$125,000.

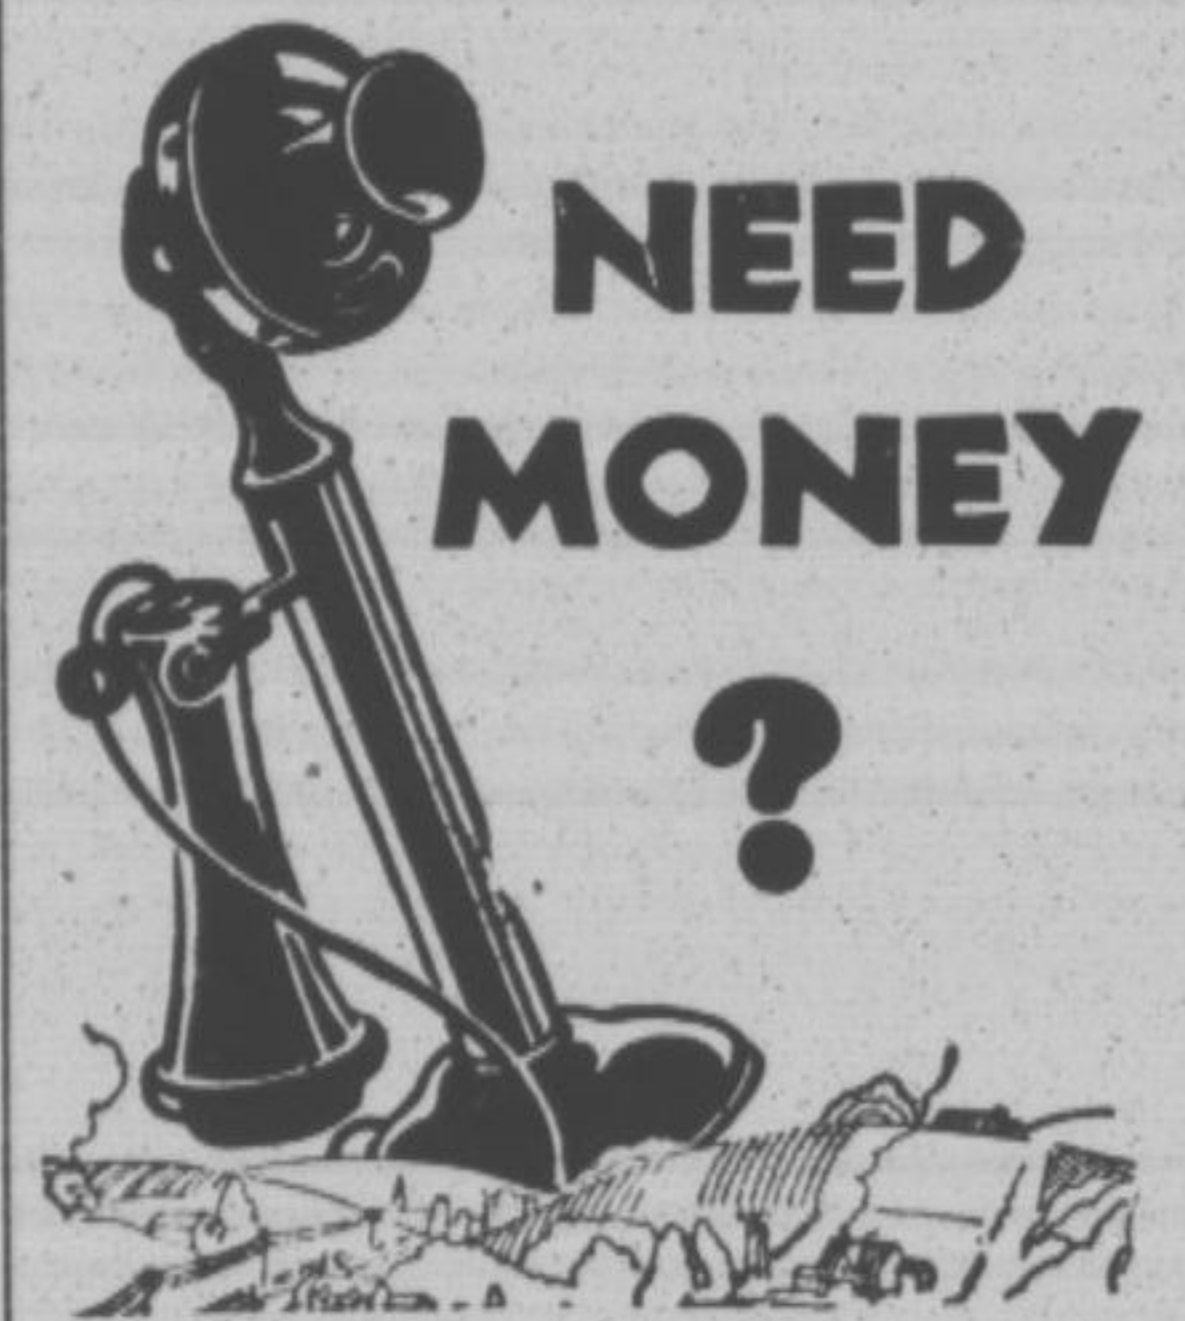

The coming exhibit is the first of a series of annual assemblies of choice furniture, rugs, pictures and other furnishings shown by collectors in Chicago, New York, Philadelphia, Boston and a number of cities in the middle west. Every article will be an authentic piece at least 100 years old.

"An exhibition of authentic antiques has much greater significance than the collection of antiques itself," said Mr. Mendelsohn in announcing plans for the show.

Among the exhibits at the Chicago exposition will be a secretary owned by Sir H. Rider Haggard, author of "She," "King Solomon's Mine," and other stories. It is said to be an unusually fine example of the Sheraton period, having been made in 1790.

It seems as though the fellows who usually get a refund on their income taxes are the very ones who don't need the refund.

If they do revive the ancient and romantic custom of kissing the women's hands, one will have to be careful not to select the hand that is holding the cigaret.—Ohio State Journal.
