

## 30 CENTURIES OF ROMANCE DEPICTED

### Three Thousand Years of Love-Making in an Evening at Fashion Show

Three thousand years of love-making in one evening! The ambitious "Hilanders" are preparing to offer this unique entertainment to those who attend the Fashion show performance at Elm Place auditorium on January 10.

The fashion show is to be preceded by "The Evolution of Courtship," a series of dramatic episodes tracing this interesting incident in the lives of men and women from the palaeolithic age when the confident, possessive cave man set out, club in hand, to bring home a wife; to the equally confident but more subtly possessive modern girl, who sets out, vanity case in hand, to capture a man.

#### Eight Romantic Episodes

The eight romantic episodes have been carefully selected to touch the most colorful periods that the world has known—the days of chivalry with castle gates clanging heavily behind young knights in shining armor riding forth to the aid of beautiful damsels, who appear to have been in an obligingly chronic state of picturesque distress;—the empire period, with jewels and satins, music and laughter and sophisticated intrigue;—our own Gay '90s with Florida girls, impatiently amorous "stage door Johnnys," and bicycles built for two; and other interesting periods in the world's history.

Final tryouts for the "Evolution" were held Sunday at the home of Mrs. Henry B. Clark. The judges were Hope Summers, general director; James Witherell of the North Shore Circuit theatre; Mirjan Strong, who arranged the episodes; and Mrs. Clark, the general chairman of this new group. Both professional and local talent are to be represented in the entertainment.

Purchasers of tickets can anticipate an evening of unusual interest with the added pleasure of knowing that their money is being used to help the less fortunate people of Highland Park, who are temporarily out of employment.

#### Ticket Sale

Tickets will go on sale on Monday Dec. 29, at the office of the Social Service committee, 378 Central avenue.

### D. A. R. Better Films Committee Review

The following pictures have been previewed through the courtesy of the Association of Motion Pictures Producers by the D. A. R. Reviewing committee in Hollywood, Calif.

"Maybe It's Love" if you are a Joe Brown "fan" you will doubtless like this film full of his facial and vocal antics. The All-American football players will be of interest to many and while the picture has no very outstanding value, its crudeness may be called its greatest fault. Not the best for children.

"Three French Girls" a young Englishman comes to the rescue of three French girls who are about to be ousted by an angry landlord. Cliff Edwards is good. Fifi D'Orsay and Reginald are in the cast. It is rather coarse and not highly recommended.

"Laughter" King Cophetua and the Beggar Maid, or a mis-mated marriage is the theme of this entertaining comedy drama which features Nancy Carroll. A little Follies girl longing for luxuries, marries a millionaire whom she does not love. Soon a former sweetheart returns and persuades her that there is no happiness without laughter. Complications develop. The theme provokes interest especially as there is clever satire. It is good but light entertainment for the mature.

"Scotland Yard" skilful direction, artistic photography of objects in the fog, and very good acting of dual roles by Edmund Lowe make this an interesting picture. Joan Bennett also does very good work. Youths may appreciate this picture but it is a bit beyond children.

The Junior matinee will present another instalment of "The Indians Are Coming."

Byrant Buckingham of Dell lane, Ravina, who is a student at Harvard university will not be at home during his Christmas vacation, but will spend the holidays visiting with relatives and friends in New Jersey and New York City.

Mr. and Mrs. William Pearl of S. Sheridan road are entertaining at dinner on Christmas day. Covers will be laid for twenty guests.

## LEAGUE OF WOMEN VOTERS MEETING

### Interesting Session of Board Held; Hear State Convention Reports

Seventeen board members of the Highland Park League of Women Voters attended the board meeting at the home of Mrs. Constant Hopkins on Wednesday. This proved unusually interesting, as Mrs. Raymond Simons gave a report of the state convention recently held at Urbana, and Mrs. Clarence Balke discussed the World Court which may soon, in its revised form, come up for vote in Congress.

#### Receive Two Awards

Mrs. Hopkins announced that two awards had been received by the Highland Park league at the convention. Both were first prizes; one for the largest sum sent into the state league over and above the local quota, and the other for the greatest amount of publicity on women on juries.

Several members of the Highland Park league assisted in checking the vote at the recent Sanitary District election, and the league board gave due notice of the election to all its members several days in advance.

"Illinois is falling behind the procession in regard to its election system," says Professor Harold F. Gosnell, of the University of Chicago, speaking over WGN for the League of Women Voters.

#### System Expensive

"The present Illinois election system is expensive, inconvenient to the voter and it does not have adequate safeguards against fraud. Great progress has been made by a number of states in recent years in perfecting election codes.

"Progress can be made along the following lines: Registration for cities (Continued on page 12)

### North Shore Cleaners Decide to Organize to End Price Cutting War

Representatives of North Shore Cleaning and Dying establishments, who met last Friday in Highland Park, agreed to end the price war now said to be effecting their business disastrously and engage an arbitrator. Dr. F. Squires, who acts in the same capacity for the Chicago association will hold this office. A number of the plants have already signed this agreement, it is reported.

According to members prices along the north shore will be subject to the wage scale.

When all the details have been settled, it is expected that 19 firms will be included in the protective agreement. A second meeting has been called in Highland Park for Friday of this week.

Revival of the dormant North Shore Association of Cleaners and Dyers will be one of the first moves it is understood. The association is a necessity to the enforcement of the agreement, it is said.

Mr. and Mrs. R. N. Miller and Mr. and Mrs. Alfred H. Schultz are leaving Friday for Miami, Florida, where Mr. and Mrs. Miller will spend the remainder of the winter.
