

Make the "Comforts of Home" come true in *your* home

there is a modern
GAS APPLIANCE
that will help . . . and
you can buy during
JANUARY for only

\$2⁰⁰
DOWN

What place can boast more *comfort* than a home equipped with modern *gas appliances*? Perhaps you have sampled the amazing *convenience* they provide by using one or two in your home. This *convenience* will be multiplied many times over if you have additional gas appliance installed.

During January you can bring a new era of *convenience* and *comfort* to your home with the immediate expenditure of only \$2.00. This amount represents the small sum you pay down on any gas appliance, to have it delivered to your home ready for use. Then you have full use of the gas appliance while you're paying for it on easy monthly payments over a period of one year.

Gas appliances have a very definite place in every household . . . perform duties that they alone can do swiftly and efficiently. Each time you add another *gas appliance* to those already in use in your home you give yourself more convenience, comfort and lei-

sure. You are relieved completely of further worry and bother with irksome tasks . . . have the assistance you always have wanted. Each gas appliance is a servant . . . daily doing your bidding without complaint or failure. You *always* may depend on *gas appliances* to give you utmost service at economical cost.

It is your opportunity in January to add a new service to your home at little initial expense. Come in and see our complete display of modern *gas appliances* . . . or telephone and we'll have our representative call.
