

Waukegan Park Board to Consider Purchase of Bonnie Brook, Claim

If deemed essential a special session of the Waukegan park board will be called to negotiate with the Bonnie Brook Country club on a price for its 18 hole course for a municipal links, T. J. Stahl, president of the board, said last week.

No official notice has been given the board, the president said, that the members of the country club had voted Friday night to authorize the directorate to negotiate a sale. At that time no price on the 155 acre tract was set and no agreement has been reached on a figure because there has been no meeting, formal or informal, members of the board said.

The next regular meeting of the park board will be Feb. 3, according to Stahl. The proposition can be discussed then, he admitted, as the board is willing to listen to a proposal at any time.

Increasing Capacity of County Jail; Will Accommodate Hundred

Capacity of the county jail will be increased to accommodate 40 more prisoners through a plan worked out by Sheriff Lester T. Tiffany and the jail committee it was explained last week when work was started in bullpens on three floors.

When the work is finished there will be room for 100 prisoners, or close to double that of the present time. To accomplish this upper and lower beds are being installed in each cell and antiquated boxes in cases are being removed to give more space. A small shelf will be placed in one corner of each cell.

Tiffany intends to bring in an additional 40 federal prisoners who are boarded by the county at the rate of 85 cents a day. This will more than double the revenue now received by the government as close to 30 county prisoners are carried in the jail on the average.

Plan Flight Training for Co-Eds at College

Last week, the aviation course of Lake Forest college under Donald C. Carter concluded arrangements with William N. Edwards of the Curtiss-Wright Corporation, Glenview, Illinois, regarding actual flight training for the women members of the course. Informed of the opportunity, the girls were very enthusiastic over the prospect of this experience, says the Stenator.

In the near future, the women's class will make a trip to Glenview to inspect the million-dollar airport of Curtiss-Wright, and will have the plans explained to them in full by prominent fliers and instructors there. They will look over the various types of airplanes at the field and, most interesting of all, will individually go aloft under the guidance of one of the instructors, flying togs and all.

The Bartlesville Enterprise has learned that in Rogers county they are making a brand of liquor now they call "Kitten Whiskey." One drink of it and you will not open your eyes for nine days.

Highland Park Artists Exhibiting Paintings in Two Chicago Displays

Highland Park and Ravinia Artists have been displaying their paintings in Chicago art galleries.

Among them are: Miss Ethel Coe, Miss Anna Lynch and Mrs. Elizabeth Krysher Peyraud who have their exhibits at the Chicago Galleries association, 220 North Michigan avenue.

Miss Coe's work includes sketches of the southwest and of Algiers; Miss Lynch is exhibiting some portraits and flowers in miniature and Mrs. Peyraud is showing portraits, flowers, still life and other interiors of Ravinia homes.

The North Shore Art league is also having an exhibit at the Chicago Woman's club, East Eleventh street, Chicago. Among those exhibiting are: Frank C. Peyraud, Hazel Cady Ewell, Mrs. Howard G. Kornblith, Mrs. Charles B. Willard, Rudolph Ingerle, Mrs. Ben Lazard.

Thomas Wilder of Ravinia is having a one man show at the Community house of Winnetka.

She Had Good Alibi For Fast Driving

Nan Dorland, a 19-year-old actress living in Highland Park, was concentrating on a Hollywood engagement last week, so she neglected to pause at the stop sign in Central street and Orrington avenue in Evanston.

Officer Henry Miller saw her, and Judge H. Porter reprimanded her, but not very severely. She was fined \$1 and costs. A young lady who has just received a wire from Hollywood just can't remember all the traffic regulations.

Sixty-five per cent of the cigarettes made in this country are made in North Carolina.
