## 100 JOBS SUGGESTED BY RELIEF WORKERS

### Social Service Committee Lists Them as Possibilities for Unemployment Aid

Unemployment is ended by giving people employment. Right now you can do something to help. It is your opportunity — for to do this is to help friends, neighbors, fellow citizens.

It is your privilege—for to do this is to create added insurance for keeping your own job. Give all the employment you can. If you have the money—start jobs of house-painting, carpentry, repairs, additions to your property. There are many things to be done, and now is a good time to do them, as you are buying material at very favorable prices. This is sound investment of your money, and sound patriotism.
