N. W. Railroad Breaks Own Safety Records; Few Accidents in 1930

All records for safety and accident prevention in the history of the Chicago and North Western railway company were surpassed in the year 1930 when a decrease of 22 per cent in fatalities and 58 per cent in all classifications was obtained, according to statement made by G. B. Vilas, general manager of that road.

"During the year 1930, the accident record shows a reduction of 59 per cent in fatal accidents to employees and 76 per cent reduction in injuries to employees as compared with the previous year, 1929," Mr. Vilas said. "Further, the record of 1930, as compared with 1928 (second previous year) shows a reduction in injuries to employees of 88 per cent."

"The Chicago and North Western railway company was the first railroad or industry in the United States to adopt the Safety First program, and since that time (1910) there has been a consistent reduction in accidents on that road."

St. Paul's Defeat Bungalow Team 30-26

Those who attended the game between the above mentioned teams on Thursday, Feb. 19, were treated to one of the best games of this season. The St. Paul lads trailed by a score of 7 to 8 at the end of the first quarter, but took the lead the score being 13 to 11 at the end of the half, the Bungalow boys came back strong in the third quarter and led 23 to 18 until six minutes of play was left in the last quarter, when St. Paul took time out to get organized and came from behind to win 20 to 26.

A definite date has not as yet been made for a return game, however ample notice will be given as soon as a satisfactory date is arrived at, and every one is assured of seeing a corking good game.

CIRCUIT THEATRE'S NEXT PLAY IN MARCH

"A Bit O' Love" to Be Given in Lake Forest Mar. 13, and in Highland Park on 17th

The North Shore Circuit theatre, well into its decennial anniversary season, announces with pleasure that the third and next play of the year will be "A Bit O' Love," a play in three acts, written by John Galsworthy.

Striving to make the tenth season one of particular value and interest, the Circuit theatre has selected this play as one which should prove of great appeal to north shore audiences. Galsworthy is said by great critics to stand alone as master among the contemporary dramatists of the broadly romantic medium, and his "A Bit O' Love" is one of his greatest plays and at the same time one of his more seldom produced works.

Serious Play

Following close after the hilarious "Nellie the Beautiful Cloak Model," and the melodramatic "The Racket," this very dramatic and emotional play will provide another unit in the well-balanced and completely rounded repertory toward which the Circuit theatre strives. "A Bit O' Love" will appeal to those who look to the organization for an occasional serious play seriously produced. Mr. Galsworthy writes into it a masterly character delineation, delicate moods and finer human susceptibilities, and he gives the play a theme which lifts the story to heights of dramatic art. Truly those who look for a fine play will find it in "A Bit O' Love."

Mr. Otis Directing

Samuel S. Otis of Winnetka, president of the Circuit theatre and well-known figure in the dramatic circles of the north shore, is directing this third production of the Circuit theatre season. The cast is made up of north shore people, several of them very well known for their acting ability, and as something unusual and decidedly interesting, the cast includes a number of children. Production work is being done in the studio in Evanston, under trained Circuit theatre technicians, and no effort is spared to make the performance of "A Bit O' Love" outstanding in Circuit theatre achievement.

Dates of Performances

The first performance of the production will be in Lake Forest on March 13. The Wilmette performance is Saturday, March 14. On the following Tuesday, March 17, the play is in Highland Park, and on Wednesday, the 18th, in Evanston. The Glencoe performance will be on Friday, March 20, and the final night will be in Winnetka, Saturday the 21st.

There remains one production after this in the Circuit theatre season. The last tour on the north shore circuit will be in middle May, with the play as yet unselected.

A Denver man, in a bridge game, shot his partner for trumping his ace and learned too late that the partner had held 13 trumps and couldn't help it. After this perhaps he will not be so impetuous.
