

Dr. Israel Bettan to Speak Sunday

Dr. Israel Bettan will conduct the Services next Sunday morning, Mar. 8th, at 11 o'clock at the North Shore Congregation Israel, Lincoln and Vernon avenues, Glencoe. The subject of his sermon will be: "The Spiritual Background of Life." All are welcomed.

Dr. A. S. Banfield Opens Office Here

Dr. S. R. Banfield opened an office in the Moldaner-Humer building, 16-18 N. Sheridan road yesterday (Wednesday). He is a graduate of Rush Medical school of Chicago. Dr. Banfield has been a resident at the Highland Park hospital for the past year.

Dr. E. N. Schollman to Address Meeting of N. S. Sisterhood

The next meeting of the Sisterhood of North Shore Congregation Israel will be held Wednesday, March 18, at 2:30 o'clock at the temple in Glencoe.

The program that has been arranged for this meeting is of keen interest and of outstanding importance to all our modern, progressive and thinking women of today.

Dr. Edward N. Schollman will be the speaker of the afternoon. Dr. Schollman, a Chicago man, is one of the most eminent psychiatrists in the country. He has lectured for many years on psychology in allied subjects and he is particularly adept in taking professional subjects and transposing them into the words of the layman. In addition to this he combines modern literature with psychology.

Dr. Schollman has chosen as his subject for the afternoon of March 18, "D. H. Lawrence, the Walt Whitman of the Novel." He has analyzed his subject in the following manner: 1. An attack of feminine dominance in culture; 2, revaluation of sex; 3, psychological value of literary work such as "Sons and Lovers" and "Lady Chatterly's Lover."

Dr. Schollman gives this particular lecture only before a group of women, so that it will be worth while to all North Shore women to avail themselves of this valuable afternoon. Guests are cordially welcomed.

GOLF ENTHUSIASM AT SUNSET VALLEY CLUB

Members Look Forward to Successful Season; Improvements Are Under Way

With the approach of spring renewed golf enthusiasm is being manifested.

A meeting of the officers and committees of Sunset Valley was held on Tuesday evening for the purpose of making plans for the season's activity.

The major event will again be the North Shore Open. This tournament has become so popular that inquiry among the prominent pros of the district is being made at this early date about it.

The membership committee has put on a campaign to increase the members of the club in order to stimulate interest in the game and in the season's events.

Many Play Last Year

Last year there were 520 members of all classes who played on the average 30 games during the season. There were 1,122 residents of Highland Park who played on the course who were not members and played on the average of nine times for the season.

The clubhouse is being conditioned for the summer's use and the men's locker and the lounge is having the walls panelled. The new lounge when finished will add greatly to the convenience of the members and particularly for the ladies who have their weekly meeting and luncheon in this room.

Were it not for the nightly freezing and daily thawing the course could be played on. The greens and fairways came through the winter in good condition and the 6th and 8th greens that were opened last year for the first time will be in fine condition this summer.

While the old putting surface remains on No. 9, the new portion will soon be conditioned and the addition to the practice putting green will soon be ready for use.

Tom is painting his shop and show room and is now looking for some sticks that need attention.

Big Event July 6

Don't forget the date of the big event, July 6, 1931.

Sunset Valley is known over most of the U. S. A. but Tom tells us that the South Sea Island is added to the list for he received a letter from Mr. and Mrs. Wm. Jacobs from there saying they were going to be back in Highland Park and play Sunset Valley as usual. Mrs. Jacobs was the winner of the ladies tournament last season.

The ladies of the club are active also for we understand that the Sunset Valley Tee club is planning some big things that we will hear about later.

Well everybody—Let's go.

The Highland Park Social Service can furnish any type of household help you may need. Cleaning, cooking, serving, caring for children, sewing. Call H. P. 4000.

D. A. R. Better Films Committee Review

Years before the movies and talkies were even dreamed of, the excitement and thrill of the railroad, and the lure it had for all, was exemplified and presented in such productions as Lincoln J. Carter's "Fast Mail." Recognizing that this fascination still exists, a story called "The Steel Highway" was made into a movie, but lost in this age of sophistication, this title would not have sufficient box office appeal, the producers have sent it forth under the title "Other Men's Women" and this is the picture to be shown next Saturday. It is pretty exciting remember, but there is a comedy, a travelogue, news events and the usual serial, also. "Hook Line and Sinker." This is the usual nonsense with the clowning for which Wheeler and Woolsey are famous. May perhaps be found amusing for the family, depending on the type of fun you enjoy.

"The Bachelor Father." An ultra-modern story starring C. Aubrey Smith and Marion Davies. Unusual, clever and well-acted, just escaping vulgarity. Not recommended for children; entertaining for adults, especially for those who like sophistication.

"Illicit." This is a well-acted story with Barbara Stanwyck and James Rennie in the leads, but the plot is trite and unwholesome for young people.

Miss Lillie Leuscher is seriously ill in the Wells Park hospital, Chicago, from complications which set in following an operation for appendicitis.
