Y. W. C. A. Notes

Girl Reserves

The annual Girl Reserve Mother-Daughter banquet was a great success. Three hundred and thirty-eight saw the inside of the Y. W. C. A. assembly. Each table was decorated in a way that the most experienced decorator would have been proud to term his "handiwork." Each group was responsible for decorating a table and preparing a stunt which was given as part of the program. Some very shrewd color combinations were displayed.

A camp reservations are now open for Girl Reserves. Come on G. R. let's get ready for camp, which is to eral G. R. groups. Why not know be at Druce Lake. What is any nicer how much trouble the Indians and than to have a camp all your own. our ancestors had to go thru in order It is up to every G. R. to make this to get food and fuel to live. G. once, about attending this summer's G. R. camp.

PRESS

Swim next Saturday, G. R.'s at eleven o'clock. The pool is well guarded by recognized life savers. Bring your suit, cap and towel. Be sure and be at your next meeting G. R.'s if you wish to go swimming every Saturday.

Even if the month of February was short of days, the G. R. department of the Y. W. C. A. was just as full of activities as ever. 1,072 met during this month for various group meetings. G. R.'s keep up the good work. Make suggestions to your advisors. It is your triangle and it is up to every girl to help make the meetings of her group interesting to every member.

Originate Badge Ceremony

Photo by Hecketsweiler

Troop 33 of the Lincoln school of Highland Park, under the leadership of their Scoutmaster, Mr. H. R. Smith, have originated an altogether new Boy Scout badge ceremony for scouting. The six scouts who put on the ceremony for the first time at the annual banquet a few weeks ago, are shown pictured above with their leader. They are(left to right): Star Scout, Carl Huncke, Eagle Scout Denton Smith, Eagle Scout and Scoutmaster H. R. Smith, Star Scout George Hinn, Eagle Scout and Assistant Scoutmaster Dick Wichman, Eagle Scout Roderic Smith, and Assistant Scoutmaster Carl Rein.

In the center is their handicraft project—the Boy Scout Badge hand carved in wood and made in separate parts so that each of the six parts may. be mounted on the frame separately as the different boys explain their traditions and meanings. The separate parts in the order presented are: The Trefoil, the Eagle, the two stars, the scroll with "Be Prepared" and the Knot.

This unusual and unique ceremony is becoming very well known and is being used at each of the district Hobby Shows. It will be put on by the group pictured above at the Highland Park Hobby Show at Lincoln school, April 4, 7:30 p. m.
