Mr. Santi Expresses His Appreciation of Support in Election

Highland Park, April 8, 1931
I wish to take this opportunity in expressing my sincere thanks to all the citizens of Deerfield township for the honor which was bestowed upon me by electing me assistant supervisor, and especially to all the voters in Highwood for the interest shown and support given me on last Tuesday.

As a business man I feel that in performing my duties as assistant supervisor, I will at all times remember that my duties are more or less the same as in a private business enterprise, and especially, will I favor economy, and sound business principles.

I wish to add that I have been informed from an authentic source, that I am personally interested in the campaign and election of Mr. Evan Dever for mayor for the city of Highwood. I wish, at this time, to positively repudiate any such statement, and announce that I am taking no part politically, nor am I connected with in any way, the mayoralty campaign of Highwood.

I am only interested as a voter, and will cast my vote on election day for the men whom I feel most capable and efficient to perform the duties of the offices involved.

I only hope that the next administration of the city of Highwood will continue to improve conditions as the past administrations have, and make Highwood a better place in which to live.

Respectfully submitted,
Santi Santi.

Named Distributor of Franklin Cars Locally

Announcement is made today of the appointment of Franklin North Shore company as dealer for the Franklin line of air-cooled motor cars. The formal opening will be held at the showrooms at 987 Linden avenue, Hubbard Woods on April 11.

These cars have created such a sensation since their announcement, are airplane type both in design and performance and are powered by an airplane engine, developing 100 h. p., the greatest power for size of any automobile engine.

The 1931 Franklin line is comprised of two groups of cars, each characterized by a striking advancement in smart body design, low sweeping lines from front to rear, comfort and luxury which establishes a new high standard in the fine car field.

In addition to the showrooms, the service department will be efficiently manned with specially trained mechanics familiar with the Franklin factory's standard service system. The company is headed by William O. Olson, who is widely known in this section in the automobile field.

Clean-Up Week to Be Held April 20-25

Plans are already being made for cleanup week. This year it will be sponsored by the Chamber of Commerce, the Community Service, and the city.

The matter of sending out notices to the home in form of circulars or letters, will be taken up at a directors meeting of the Chamber of Commerce on Wednesday noon, April 8.

Dear Voters:

In asking you to consider my candidacy for the office of Police Magistrate I wish at this time to inform you that I was born in Highland Park; I am a tax payer, and a property owner in my own name; I have been in business in Highland

Park for the past sixteen years and more widely known as HERMAN THE TINNER; I am not on the pay roll of any taxing body, and will be able to give the office a full time business administration.

I have served you as Police Magistrate for the past three years, during which time I have always tried to be fair and impartial to all, and have made prompt returns of all money collected by me to the City Treasurer.

If, after giving my past record as Police Magistrate your consideration, and you can consistently vote and support me in the election April the 21st, I can assure you it will be greatly appreciated.

Yours truly,

HERMAN SCHWERY.
