**56 YEARS OF SOUND BANKING**

When a bank has served a community for fifty-six years, it becomes an integral part of the social, commercial, and civil life.

Such is the story of the State Bank and Trust Company which was established shortly after the Chicago fire to take care of the banking business of Evanston and the North Shore.

It has grown steadily as the city has expanded for safety has always been its first consideration, together with a forward looking policy.

You are invited to use this cumulative, uninterrupted, experience of fifty-six years.
