 IMPROVEMENTS  
 — No Extra Price**

**THE TIRE SENSATION  
 of 1931**

Here is the tire sensation of 1931! The New Improved Standard Goodyear All Weather Tread tire.

It's the 1931 edition of the most popular tire in the world—styled to conform to the beauty and smartness of the modern car.

On test cars, over sand, gravel, concrete and brick roads, this new tire averages 24% longer tread-wear than even the famed Goodyear it succeeds. By all means see it before you buy!
