Previously a group of men have been backing the troop. Now they have the added support of the Community club.

Mr. Otto Fisher, who conducted the recent campaign for funds for the Boy Scouts in Highwood has this to say:

"As finance chairman of the Highwood district Boy Scout committee of the North Shore Area council, I wish to take this means in expressing our appreciation and thanks, for the splendid response that the captains and workers have received during our drive in the city of Highwood.

While our locality consists of mostly working people of small means, and a good many being unemployed, practically everyone donated most generously to this worthwhile and important cause of the Boy Scouts. It is needless for me to say that much of the credit for this success must go to the splendid group of captains and workers, and I wish to take this means in expressing my sincere appreciation and thanks for their time, influence and efforts, that made this drive an outstanding success.

This genuine support was given by the following captains and workers.
