

# Tires—Tubes—Batteries

**Extra Quality  
At No  
Extra Cost**

## A Vital Reason Why You Should Patronize Your Own Local Auto Accessory Dealer

The manufacturer who built your car used every available means to give you the best car possible for the money. And one very important item was the tires—he did not equip your car with an unknown tire, but used a STANDARD BRAND tire of known quality. Why should you use anything but the best, especially when it costs no more. Your local automobile accessory dealers are anxious to serve you and offer quality merchandise at prices that are no higher than mail order prices.
