

A REFRESHING SHOWER

at any hour

is always possible
when you have an

Automatic Storage Gas Water Heater

Turn on the shower before breakfast . . . turn it on at midnight . . . or at *any hour* . . . and instantly a cleansing, soothing spray of hot water will swish down upon you. An Automatic Storage Gas Water Heater needs no attention to give you a limitless supply of hot water. Not only will it provide a continuous, abundant supply for showers, but for every other hot water need in your home. NOW . . . while this special allowance and no down payment offer saves you money and makes it more convenient to buy, have a modern gas water heater installed in your home. Come in or call. An inquiry will not obligate you.

\$10⁰⁰ allowance
*on your present water
heating equipment*

No Down Payment
*when you trade in your
old appliance*
