

H. S. RIFLE TEAM UNIFORMLY WINNER

Is Undefeated This Year; First Place in Class A in National Contest

The Deerfield-Shields Rifle club concluded a very successful season last week by defeating three extremely strong teams, all from different parts of the country.

The first victory was over the Du Quoin Rifle club, of Du Quoin, Illinois. It was no walk-a-way, by any means, for the first result was a tie, which had to be shot off. Our men triumphed in the end, however, and the performance was featured by the possible 300x300, fired by Butterworth. Hodgson took second on our team, with the excellent score of 298x300.

This was the fifteenth consecutive victory of the season.

The next team to fall victims to the slashing onslaught of our riflers was the Upper Darby High, hailing from Upper Darby, Pa. In this match also, Butterworth fired a possible score of 100x100, leading his teammates to a smashing victory of 10 points. Hamilton starred in second place with a nice 99x100, followed by Hodgson with a 98x100.

This was the sixteenth consecutive victory for Deerfield.

Next in line was the strong Central high team, from Bridgeport, Conn. In-

ciently, this is the third time that we have beaten the Central boys this year.

Again, for the thirteenth time in a row, Butterworth shot a possible, a perfect one with ten X's, to nose out Don Clark, who fired, in this last match of the year, his first possible, with six X's. Then came Hodgson, Hamilton, and Todd, each with a fine 99x100 to make up the wonderful high team score for our team.

This was the seventeenth consecutive victory of the year for Deerfield, and we thus finish the season undefeated. The club has lost only one match in the history of its existence, which was the first one fired, so we now have a record of twenty-four matches won in a row.

Also, our rifle men showed that they are able to stand up under the strain of National competition, by defeating thirty other teams in Class A, taking first place in the match with a record breaking score of 498x500, but two points under the National and World's record of a possible 500x500. Four possibles were shot in this match. Following are men who fired in the match, and their scores:

- | | |
|--------------------|---------|
| 1. Jim Butterworth | 100x100 |
| 2. Bud Hodgson | 100x100 |
| 3. "Wham" Hamilton | 100x100 |
| 4. Don Clark | 100x100 |
| 5. Dick Gault | 98x100 |

Over 30,000 rounds of ammunition were fired during the season, all of which had to be furnished by the members themselves.

Much of the success of the team this year is due to the fine coaching of Corporal J. E. Jaynes.

Educator Honored

Arthur B. Rowell

Mr. Arthur B. Rowell, retiring superintendent of the Glencoe schools, who has been signally honored by the citizens of that village and north shore educators on the close of 28 years of faithful service as head of the Glencoe school system.

Several Affairs Given in Honor of Retiring Glencoe School Head

On June 2, the Glencoe Parent-Teacher association gave a program in honor of the retiring superintendent of the Glencoe schools, Mr. Arthur B. Rowell, who has been head of the schools there from 1903 to 1931. Guests included some of the leading educators of the north shore and prominent citizens from Glencoe and neighboring towns. Sup't Jesse L. Smith of Elm Place school, Highland Park, was one of the speakers, his subject being "Mr. Arthur B. Rowell, the Scholar of Our School Group."

A handsome gift was presented Mr. Rowell by Mrs. James M. Sheldon, on behalf of the Parent-Teacher association.

Mr. Rowell was chosen by the eighth grade boys and girls of the Glencoe schools to give the graduating address June 9. A portrait of Mr. Rowell was unveiled and presented to the Glencoe schools by Edwin C. Austin past president of the board of education, and chairman of a committee responsible for this community gift to perpetuate acknowledgement of Glencoe's sincere appreciation of Mr. Rowell's 28 years of devoted service to the up-building of the public school system and to the education of Glencoe's children.

The Superintendents' Round Table of Northern Illinois, on June 8, honored Mr. Rowell at a luncheon at the Moraine hotel and presented him a gift of appreciation and farewell.

A Sane, Healthful Program for an Inexpensive Vacation-Month

Spend the morning hours, nine to twelve, at Elm Place school for group or individual tutoring in any subject. Enroll on or before June 15 with Miss Maurine Tschirgi, Ph.B., instructor. Phone H. P. 2390.—Adv.

RAVINIA OPERA SITE EASILY ACCESSIBLE

Adequate Train Service on Both Roads Available; Other Facilities

Publication last week of the repertoire for the first eight days of Ravinia, opening Saturday night, June 20, has created considerable flurry in Mr. Eckstein's offices in the North American building, for the postman scurries and the telephone jangles with inquiries both from those who have long been Ravinia patrons and those who intend to bestow that privilege upon themselves for the first time. Their questions concern every conceivable angle of approach, from how to get there and how to reserve tickets to the inevitable how much does it cost. The management supplies the following information in comprehensive reply:

Ravinia is located 21 miles north of Chicago on the Chicago and Northwestern railway and the North Shore Electric line. It may also be reached by motor, either by Sheridan road or by Green Bay road, both of which glide invitingly through the loveliest part of the north shore. These routes are in perfect condition, and each of them leads to a spacious parking area maintained by the Ravinia management for the convenience of its patrons. These will accommodate about 100 cars.

Train Schedules Adequate

Those who prefer to make the trip by train will find that the Chicago and Northwestern railway and the North Shore Electric line have evolved schedules to meet every Ravinia requirement. The Chicago and Northwestern railway will operate a regular schedule of suburban trains daily and Sunday at frequent intervals, and in addition to the regular trains there will be a Ravinia Opera Special every night of the week, including Sunday, which leaves the Northwestern Terminal at Madison and Canal streets at 7:25 p.m., Chicago. (Continued on page 26)

Exhibit of Paintings at The Alden Studios

The Alden Studios are exhibiting a few old masters' paintings brought over by Mr. George Chapellier of Brussels, Belgium.

They include two French groups entitled "Menuet" and "Pleasant Conversation." They are quaint and attractive works of the gay eighteenth century. Two Portraits of the English school will hold the interest of the commissioner: one is the historical Secretary of Foreign Affairs of England (Charles James Fox) and the other the famous beauty Lady Hamilton, by George Romney.

A servere portrait of a young lady in black dress and white lace by Zurbaran contrasts with the white silkiness of the Romney portrait of a lady in lace bonnet. The beautiful quality of this silk dress is unexcelled in portraits in life size. One has to go back to the silky effects of white satin dresses in small Dutch portraits to find anything comparable to it.
