

Electrolux is not a mystery to those who have had its simple, automatic, trouble-free operation explained to them. Any information YOU request will be supplied without any obligation.

**SILENCE!**

*an Exclusive Feature of*  
**ELECTROLUX**  
**The Gas Refrigerator**

You *always* find foods fresh and wholesome because of constant, even cold. You *always* have enough crystal clear ice cubes for cooling, refreshing beverages. You *always* can rely on it for every refrigeration purpose. Yet, an *automatic* Electrolux GAS Refrigerator makes no sound to disturb or annoy you.

Electrolux is absolutely *silent*, for a tiny gas flame and a small trickle of water are its only "machinery."

**See Electrolux Now at any  
 North Shore Gas Co. Store**

Motors, cogs, belts, and other mechanical devices required in all other automatic refrigerators, are **NOT** present in Electrolux.

Besides preventing noise, the absence of moving parts in Electrolux eliminates wear and assures permanent, reliable service without any attention. It will pay you to investigate **NOW!** Discover how easy it will be for you to have *Every Advantage* offered in automatic, care-free refrigeration.
