

**Why Drive in Danger
WHEN THE
WORLD'S SAFEST TIRES
COST SO LITTLE?**

FIRESTONE Tires are the safest tires in the world, because of inbuilt patented construction features—*Gum-Dipped Cords, Patented Double Cord Breaker, and Tough, Thick Non-Skid Tread, which give—*

- 58%** longer flexing life in every cord
- 56%** stronger bond between tread and cord body
- 26%** greater protection against punctures and blowouts
- 25%** longer non-skid wear
- 25%** to 40%, longer tire life

Firestone saves millions of dollars annually through economies in buying, manufacturing, and distributing to give these extra values at lowest prices in the history of tire building. We have a complete line of Firestone Gum-Dipped Tires for you to choose from. Every Firestone Tire bears the name "Firestone", and is doubly guaranteed by Firestone and by us.

Come in TODAY—we will make full allowance for the unused mileage in your old tires. Let us show you how little it will cost you to equip with Firestone High Speed Tires—and eliminate the danger of worn tires.

**SEE REDUCTION IN
PRICE OF MIXED GAS**

**Use of Natural Product from
Pipe Lines in This Region
Considered**

That the introduction of a new admixture of coal and natural gas will bring about a reduction in rates for heating and range purposes in north shore cities, was indicated last week by the Illinois Commerce Commission, following their conference with representatives of the People Gas Light and Coke Co., and their subsidiaries.

In addition to representatives from the metropolitan area around Chicago, men from downstate cities including Springfield, Peoria, Pekin, Champaign, Danville, Marseilles, and Quincy, were at the conference.

Justification Wanted

One of the spokesmen for the downstate group, Hugh J. Dobbs, city attorney of Springfield, said the cities want a justification of all rate schedules of pipe line companies, particularly the Panhandle Illinois Pipe Line company and the Illinois Power company and Central Illinois Light company, which would pipe the gas if the mixture is allowed.

If this justification is not submitted in the evidence presented by the Panhandle company, the cities wish to make their own investigation. Dobbs declared. The commission suggested that the Panhandle company submit a form of contract applicable to all purchasers in the state.

The commission also indicated that it would expect the distributing companies to file rate schedules so that they might be considered along with the proposed contracts for sale of gas by the Panhandle company to distributing companies. The People's company probably will have its new schedule ready for submission to the commission within two or three weeks.
