

H. P. MAN LEADS IN RADIO TRUST FIGHT

(Continued from page 5)

and its dissolution therefore is the biggest "anti-trust" enterprise ever undertaken by the government.

Adjourn to September

After agreeing upon an "armistice," the conferences with the government have been adjourned until September.

At that time the details of the patent pool, and the other terms of the "treaty of peace," will be agreed upon. If they are satisfactory to the Department of Justice and to the independent radio interests, it is understood that Attorney General Mitchell will recommend the dismissal of the dissolution proceedings.

As the spokesman for independent radio, Schuette is to have a direct part in future proceedings, as no solution unacceptable to these interests would be likely to be acceptable either to Congress or to the public.

These independent interests were organized in Chicago in August, 1927, under the name of the Radio Protective association, with Schuette as executive secretary.

The late Ernest R. Reichmann, also of Chicago, was general counsel for the organization, which at that time numbered only three outstanding names in the radio industry—Grigsby-Grunow, Sparks-Withington and DeForest.

All of the members were smaller manufacturers. Even of these three, the first two later accepted licenses from the Radio Corporation and the DeForest company went into the hands of a receiver and had to be re-organized.

Schuette is a Chicagoan and has been active in Chicago newspaper circles for more than 25 years.

In Accident En Route to Picnic Sunday

Mr. Papineau of Ridge road with a group of men including Rev. C. L. McDonough and James Welch, met with an automobile accident Sunday near Lake Zurich, while on their way to the Holy Name society outing at Marengo. Their car collided with another and both overturned. No one in their car was injured and they proceeded to the picnic after the car had been righted.

Emil Kern Buried in Medford, Wis.

The body of Emil Kern was shipped to Medford, Wis. Thursday evening on the six o'clock train, to the home of his sister, Mrs. Michael Ackerman. Funeral services were held Saturday. Mr. Kern an employe of the Briergate Golf club, Deerfield, for the past five years, was electrocuted Wednesday, by a live wire which had fallen the previous night in a severe storm.

Mr. Kern who was 41 years old has been in this country about 7 or 8 years, coming from Germany. He served in the German army during the World war. One brother was killed in service. Another brother was killed by lightning in the presence of the late Emil Kern. Both his father and mother preceded him in death. He is survived by two brothers and one sister.

During his stay in Deerfield he lived at the E. D. and Fred Bleimehl homes.

Mr. Michael Ackerman came on Saturday to get Mr. Kern's clothing and automobile. His dog was given to the Ackermans in Des Plaines.

Legion Will Hold Initiation Monday

An initiation will be held Monday evening, July 27, by the Deerfield post of the American Legion, with one of the Legion initiation teams being present to conduct the ceremonies.

Arrangements are now being made for the presentation of awards to the Junior Legion baseball team, champions of the Eighth District. The committee in charge is as follows. A. G. Klemp, LeRoy Meyers, W. A. Tennermann and C. C. Kapschull.

A report of the nominating committee will be given at this meeting. Members of this committee are all past commanders of the post.

Attention!

Do you like fine, personal stationery—especially when it can be purchased at a small price? We suggest that you see samples at once at the Highland Park Press office of our July Special—SMART SET, consisting of sixty sheets and fifty envelopes with name and address Hylited in raised lettering at \$1.00 per box. Buy liberally for your own use—and for gifts.

Women's Peace Groups Planning Welcome for Disarmament Caravan

Mrs. Catherine Waugh McCulloch, Mrs. B. F. Langworthy, former president of the Woman's City club, Miss Mary McDowell, at present a resident of Ravinia, Mrs. Carroll Binder of Highland Park and women along the north shore who are members of peace organizations are eagerly planning to welcome to Chicago the Disarmament Caravan which has recently left Hollywood, Calif., on its way to Washington, D.C.

The caravan is crossing the country passing through 25 states. The women in the party are securing signatures to petitions for disarmament.

President Hoover has appealed to the nations of the world to disarm and in anticipation of the Disarmament Conference next February in Geneva women of the United States and of Europe are enrolling as many names as possible in the cause of world disarmament.

The caravan reaches the Illinois state line on Tuesday August 11. A delegation of women will meet it at Winthrop Harbor and escort the distinguished guests on their way to Chicago. Several stops will be made along the north shore to give an opportunity for members of the Women's International league, the League of Women Voters and all interested to meet and hear the speakers.

Further notices will appear in the Press. All desiring to join in the parade of welcome to the caravan may phone for information to Miss Olga Trevisan, Highland Park 2063.

Discuss Annual Open Air Church Service

St. Paul's Evangelical Church council of Deerfield met Wednesday evening at the church. The subject under discussion was the annual open air church service and picnic dinner to be held the first Sunday in August at Sunset park. Mr. Christ Willman was appointed chairman of the arrangement committee. Other members are Messrs. Carter M. Christensen, John Raedeke, Elmer Schmidt, George Meyer, Henry Herchenroder, Arthur Borchardt, Louis Soefker and John Ott, Sr.

These church services, with the boughs of the trees forming an arched open air tabernacle are very impressive. Music is usually provided by several of the younger people of the orchestra. Following the services is the fellowship picnic, which is enjoyed by all.

European nations should remember that a year's moratorium is just like a dose of aspirin for a headache. If they don't employ the year in bettering the financial condition the headache will return.

BETTER HOMES PRIZE AWARDED H. P. EXHIBIT

(Continued from page 4)

and the widespread co-operation of the community in the many excellent features of your program.

Your committee has performed a distinct service to your city through the high educational quality of its program and through the splendid co-operation manifested by the many individuals and civic and business groups which helped in one way or another in your campaign. The effects of civic service of this sort will inevitably be felt for many years to come not only in your own community but to a considerable extent also throughout other parts of America where knowledge of your program will reach other communities dealing with similar problems.

July 13, 1931

I wish to express the appreciation of the Board of Directors of Better Homes in America for all the thought and effort which have gone into so timely and valuable a program.

Very sincerely yours,

RAY LYMAN WILBUR.

Director's Letter

July 15, 1931

Mrs. Howard G. Kornblith,
236 Beech Street,
Highland Park, Illinois.

My dear Mrs. Kornblith:

You have doubtless already received a letter from Secretary Wilbur letting you know that our Committee on Awards for the 1931 Better Homes Campaign has awarded a first prize in the Boy-Built House class to the Better Homes Committee in Highland Park of which you are chairman.

A check for \$75, the amount of the prize, is enclosed.

A remarkably fine piece of educational work was done by your committee in this year's Better Homes Campaign, and I hope that you will extend to all the members of your committee and all the co-operating individuals and organizations our deep appreciation of the splendid piece of educational service which they have done. Well-thought-out programs like yours inevitably reach thousands of families and exercise a deep influence upon their standards and ideals which are reflected in the improvements which they make in their own homes and in their service to other communities.

We all hope very much that the work so well begun may continue to expand during the coming years until every home may be reached and helped by your program and all child-growing up under conditions that are wholesome and which contribute to sound health and well-rounded development.

Very sincerely yours,

JAMES FORD,

Executive Director,
Better Homes in America.

Co-operative Services

During the month of August there will be co-operative services in the Deerfield Presbyterian church and St. Paul's Evangelical church. On August 9, Rev. F. G. Piepenbrok will occupy the pulpit of the Presbyterian church, with the congregations of both churches in attendance.
