CARNIVAL

Come Drive This CADILLAC Iso-Vis Test Car

at Our Showrooms
Wednesday, July 29th
9 a. m. to 5 p. m.

This regular stock model Cadillac has led no ordinary life. It is one of thirteen cars selected to run in a lubrication test conducted on the Indianapolis Speedway by the Contest Board of the A. A. A. In twenty-four days it covered the mileage of an average year's driving. Now it is on a five month's road test in the middle west.

You can drive this famous Cadillac test car at our showrooms next Wednesday from 9 a.m. to 5 p.m. Come learn the details of its gruelling drive — while you're driving watch the operation of the special instruments used to study its performance—listen to its powerful motor running as sweetly today as ever with no appreciable wear from its hard task.

You'll never ask your Cadillac to do what this Cadillac has done, but in every Cadillac you'll find a quality of materials and workmanship that enable it to accomplish extraordinary performance with utmost ease.

We invite you to drive this Cadillac next Wednesday.

A year's driving equalled
in 24 days.

9,000 miles of gruelling
tests.

Over 5,000 miles at
55 m.p.h.

Now on 5 months
road test.

No appreciable wear in
motor or chassis
