

A Will That FAILED

Eight years before this elderly manufacturer died he made his will. When it was opened and read, several penciled notes were discovered — changes he had planned but never actually made. His intentions failed because they were not a valid part of his will.

* * *

A man's will is, in a very real sense, "a failure" unless it expresses his latest wishes.

Have you read over your own will lately? Does it need revision? By all means bring it up to date with the help of your lawyer.
