FOOTBALL TRAINING  
RECREATION FEATURE

Community Service Plan Is An-  
nounced; Grid Meet to be  
Held Oct. 24th

Training in football fundamentals  
for boys of this community and a big  
football field meet October 24 are  
among the athletic high lights plan-  
ned by Community Service of High-  
land Park this fall, according to Har-  
ry L. Allen, director of community  
recreation.

Each Saturday morning at Sunset  
Park instruction will be given in such  
fundamental activities as kicking,  
passing, blocking, and tackling, in  
addition to organizing and coaching  
regular teams in the football league.

**Martin Head Coach**  
Thomas (Tillie) Martin, former  
star athlete at Lake Forest college  
and All-Northern Illinois and Wis-  
consin College Conference selection  
for half-back during his college days,  
has been secured as head coach for  
these community groups. Mr. Martin  
because of his wide acquaintance with  
Highland Park men and boys, has al-  
ready signed up a number for the  
football field meet and for community  
teams. He may be reached at Sun-  
set Park or word may be left at the  
Community Service office in the cham-  
ber of commerce at 378 Central ave-  
nue. Telephone H. P. 858.

**Stiff Competition**  
In the football field meet October 24  
local contestants will be in competi-  
tion with scores of other towns and  
cities throughout the middle west for  
the South Park Trophy. This is a  
telegraphic meet and the finals in  
each event are immediately sent to  
the office of the National Recreation  
Association in Chicago where final  
results will be determined.

Mitchell, South Dakota, held the  
trophy for two years, St. Paul, Min-  
nesota, won it in 1929, and Oshkosh,  
Wisconsin, has the trophy now.

Competition in the football field  
meet includes putting for distance and  
accuracy, place and drop kicking, and  
forward passing. One or more other  
events may be added.

With all the football talent in High-  
land Park we should be able to make  
a strong bid for this trophy.

Highwood School Open  
To Children From Fort  
Sheridan; Tuition Free

The problem of education for chil-  
dren of noncommissioned officers at  
Fort Sheridan has been amicably  
solved. They are attending school  
at Highwood without paying tuition,  
Capt. Walter McCord, post adjutant,  
revealed last night.

The army post is, however, help-  
ing with the somewhat depleted fin-  
ances of the Highwood board of edu-  
cation. Proceeds of the horse show  
have been turned over to the school  
fund, and another benefit will be held  
during the Winter.

The post is also aiding in other  
ways, and has agreed to support fes-  
tivals and other plans of the High-  
wood school authorities.

**Attend L. F. Schools**  
Children of commissioned officers  
will continue to attend Lake Forest  
schools, paying a small tuition, until  
the physical capacity of the Highwood  
schools can be increased, Capt. Mc-  
Cord said.

Agitated for a number of years, the  
question as to whether children of  
army officers are entitled to free edu-  
cation in public schools was not solved  
until a few days. After a series of  
conferences with school officials, Capt.  
McCord was informed by the High-  
wood board of education that children  
from Fort Sheridan were entitled to  
schooling in that city.

Attorney General Carlstrom had  
ruled that army children were entitled  
to free education in the district which  
included the army post. Search of  
old records revealed that until 1910  
the reservation was in district 113,  
which at that time was merged with  
11, under jurisdiction of Highwood.

Mildred Haessler To  
Reopen Dance Classes

The fall term of Mildred Haessler's  
dance classes will open on Saturday  
morning in her studio at 1737 Rice  
street, Ravinia. It will be her sixth  
annual opening.

Classes in tap dancing, ballet, ball-  
room dancing and acrobatic work will  
begin. A course in corrective work  
for women as well as children is also  
announced.

New ideas in folk dancing were  
brought back from the east this sum-  
mer by Director Haessler after a  
summer course with the English Folk  
Dance Society, founded by Cecil  
Sharp, at Amherst. The acrobatic  
work derives from the Paul Miller  
studio in New York City where she  
has studied for the past three sum-  
mers.

Plans for the annual spring exhi-  
bition of dancing may make it nec-  
essary to offer a course in oriental  
dancing, particularly if Aladdin and  
the Wonderful Lamp is to be the ve-  
hicle. Last spring the Haessler dan-  
cers presented "Father Time's Calen-  
dar" in the Ravinia auditorium for  
the benefit of the maintenance fund  
of the building.

Mr. and Mrs. W. Fred Gallagher,  
Mrs. Frank Gallagher and Mrs. Wil-  
liam Anderson motored to Detroit,  
Mich., where Mr. Gallagher is attend-  
ing the Legion convention, later going  
to Niagara Falls, N.Y.

Mrs. Harold A. Bridges entertained  
the members of her bridge club last  
Friday evening.

Mysterious Stabbing  
Affray at Highwood

Harry St. Peter, 41, of 722 Green  
Bay road, Highland Park, was mys-  
teriously attacked by two men Tues-  
day night, stabbed three times with  
a stiletto, pushed into an automobile,  
and then dumped out on the street  
half a block from his home. The  
matter was reported to the sheriff  
and state's attorney and on Thursday  
two men, Victor De Giacinto and  
Joseph Boggio, were arrested by dep-  
uty sheriffs, and were lodged in the  
county jail. Later De Giacinto was  
released under \$2,000 bond to appear  
for trial before Justice Henry Wall-  
enwein of Waukegan, Sept. 28. Bog-  
gio will be tried at the same date.  
The stabbing was not reported until  
the matter was referred to the county  
authorities. St. Peter is reported re-  
covering. It was reported that after  
the attack one of the thugs shouted  
"We've got the wrong man."

Deputies Appreciate  
Highwood Indians' Aid

The entire committee of deputies  
wish to express their appreciation to  
the club of Highwood Indians.

These young men volunteered their  
services to the committee, and Russell  
McBride, who was in charge of the  
parking of automobiles at the Model  
Farm, Mundelein, August 30, on the  
second annual family picnic, which  
was given by deputies to Sheriff Tif-  
fany.

These young men arrived early and  
supervised the parking of cars on the  
ground. Their work and their will-  
ingness has been highly praised and  
the committee hopes to be able to re-  
ciprocate to the Highwood Indians  
club in the near future.

Following is a list of Highwood In-  
dian club members: D. Giangiorgi,  
Stanley Santi, Reno Giangiorgi, Joe  
Fini, James Bernardini, Peter Mar-  
gilli, Nick Nustra, Tony Palmeri, Joe

SENDS LETTER OF  
PROTEST TO BOARD

Schuette Writes Zoning Board  
Objecting to Building of  
Garage Near Street

The following letter has been sent  
to the zoning board of appeals pro-  
testing against granting permit for  
building of a garage on the Fisher  
property on Sheridan road. It ex-  
plains itself:

1001 N. Sheridan Rd., Highland Park,  
September 22, 1931.

To the Honorable,  
The Board of Zoning Appeals,  
Highland Park, Illinois.  
Gentlemen:

I regret that the postponement of  
the hearing on the Fisher application  
makes it impossible for me to attend.  
As an adjoining property owner, I  
respectfully request that my protest  
against the grant of the Fisher appli-  
cation be read at the hearing. This  
protest is based on the fact that the  
grant of this application would de-  
stroy the whole fabric of the zoning  
law as it pertains to residence prop-  
erty in Highland Park. The law un-  
der which this appeal is taken speci-  
cally declares that it can be granted  
only if its grant will maintain the  
spirit of the zoning law. The appli-  
cation is a direct challenge to the  
spirit of that law. If your honorable  
board were to permit this applicant to  
build a garage within twenty feet of  
Sheridan Road — Highland Park's  
proudest highway — every other  
building line in the city should be  
moved to within twenty feet of the  
street.

The applicant cannot even plead  
that by building within twenty feet  
of the street line, at one point, he is  
maintaining an average distance of  
forty feet. He offers nothing to off-  
set his demand for a right to build on
