"Son of India" Film Fosters Interest in Foreign Lands

The coming decade will witness a growth of interest among picture-making concerns, according to Ramon Novarro, in his latest starring vehicle, "Son of India."

"I think the growing interest of the Occident in the Orient is a good thing for all concerned," stated the Metro-Goldwyn-Mayer star in a recent interview. "We have been too remote from the other half; we have known too little about how the other half lives."

"The Orient and the South Seas are filled with teeming millions. Vital drama is occurring in the Far East every day. Until very recently we were entirely ignorant of what happened outside our own narrow continental American sphere. Today, however, largely due to a world-wide business depression, we are looking farther afield. Our anxiety over our own financial plight has caused us to peer closely into the doings of other countries."

"The result is that we have come to know the peoples in the far corners of the earth as we have never known them before. This is exceedingly good for us. It will destroy intolerance and lessen the causes of war."

"A story like 'Son of India' is almost as good as a trip to India itself, so deftly does it insert atmosphere of that great and mysterious land."

Among the unusual oriental incidents featured in the picture are a tiger hunt and the stampede of a maddened elephant.

"The Lawyer's Secret" Is Gripping Drama

"The Lawyer's Secret" is an extraordinary drama, really three vital stories with one sweeping motivating force. Brook, a lawyer in love with Fay Wray, unwittingly becomes the confidant of the girl's brother, Rogers. Rogers has assisted against his will at a murder, for which a young sailor, Arlen, is being tried for his life. Brook's lips are sealed because of professional ethics, and because of his love for the girl. Rogers, in fear of his life refuses to confess. Arlen is convicted, in spite of the brave fight made for his life by "his girl," Jean Arthur.

The solution of this unsolved situation is tremendously exciting, and surprisingly effective. Every role is acted with convincing finesse. Every shade of fateful meaning is projected by the accomplished cast. Written by a well-known Los Angeles newspaperman, James Miliary Finn; directed by the directorial combination who made William Powell's thrilling picture, "Shadow of the Law," "The Lawyer's Secret" is an effective picture of today's life and problems.

Barbara Stanwyck in "Night Nurse"

"Night Nurse, the much heralded starring vehicle for Barbara Stanwyck, is based on the sensational novel by Dora Macy. It presents vividly the temptations, fears, loves and deeds of a girl who comes as a probationer to a great city hospital and stays until she becomes not only a nurse — but a woman who lives and wins through suffering the one thing women most want in life.

Miss Stanwyck is supported by Ben Lyon, Joan Blondell, Charles Winninger, Charlotte Merriam, Edward Nugent, Allan Lane, Blanche Frideric, Vera Lewis, Ralf Harold, Clark Gable, Walter McGrail and Betty May. William Wellman who directed "Wings" and "The Public Enemy" directed "Night Nurse."

Barbara Stanwyck whose work in "Illicit" is remembered by all theatre goers, does the most effective work of her career as the Lora Hart of "Night Nurse."

"The Public Enemy"

The two men who collaborated on the story of "The Public Enemy," are intimate with the sinister powers that are working in the dark to undermine the foundations of the country. John Bright was a reporter in the heart of one of the most notorious districts in the big town, and Kube Glasmon owned a drug store there. They personally witnessed several of the incidents which are used in the breath-taking film. James Cagney is featured in "The Public Enemy."

"Night Nurse" Player Was Reared In Army Posts

Charlotte Merriman, who appears in support of Barbara Stanwyck in the Warner Bros. production, "Night Nurse," spent a great deal of her childhood in army posts, where her father, Colonel Henry C. Merriam of the U. S. Army, was stationed. She entered motion pictures when fourteen years of age. Ben Lyon and Joan Blondell are featured in "Night Nurse." William Wellman directed.

Ramon Novarro "Son of India"

Ramon Novarro Best in "Son of India"

Adventure, romance, locale are features of the latest starring India." It is the first time Novarro has been seen since "The Public Enemy" the admirable performer hit in this picture. The story concerns a man who is left beggar, a rajah, is killed by bandits. He has a huge diamond to sell this to a scoundrel character of the diamond. He is railroaded to jail and rescued through the young American Nagel.

Subsequently Novarro, with an attractive girl, an exciting tiger hunt, a love affair which ripens into infatuation, turns out to be the man who had saved Nagel. When Nagel comes to stop the marriage of another man of another woman, brought to a climax by Madge Evans, the star, plays the part of heroine and offers a dramatic work. There are also offered by Rambeau, C. Aubrey Lewis, John Milbruler.

But chief honor goes to Novarro, who again gives one of the finest performances of his career. His performance is a combination of sincerity and he combines dramatic vigor with comedy. As a result, plenty of romance and love scenes are attractive. Miss Evans is to be desired.
