**GRIFFIN TO DIRECT
THE OPENING PLAY**

**Circuit Theatre to Have Change
in Policy; "Fourth Wall" Is
First Offering**

The Circuit theatre feels very fortunate in securing the services of Mr. James Griffin to direct its first production. Mr. Griffin will be remembered as the director who gave the north shore the remarkable results in "The Racket" last season.

Mr. Griffin's experience as a director admirably fits him for "The Fourth Wall." He is a master of tempo, excellent on dialogue and thoroughly versed on general Theatre Arts. His exceptional ability should be well reflected in the "Fourth Wall." The casting of this is under way and will be announced shortly.

Change of Policy

This season the Circuit Theatre has made a definite change of policy in the handling of the production of its shows. A member of the board of directors is to be appointed to take charge of the complete details of each

**Attends Meeting of
Dancing Masters' Ass'n.**

Mrs. J. C. Emma of the School of Dance and Drama will attend the regular monthly meeting of the Dancing Master's association to be held in the Sky room of the Majestic hotel. Regis Oukrainsky, ballet master of the Metropolitan Opera will be the guest of honor.

**Bridge to Talk to
Parents on St. Denis
Dance Plan Monday**

William Bridge of London, field secretary of the Fellowship of Faiths, will be at the Winnetka Woman's club Monday to talk to parents of north shore children about the work of Miss Ruth St. Denis, who will personally supervise Miss Alicia Pratt's dancing classes this winter. Mr. Bridge has charge of the executive work in connection with organizing the Society of Spiritual Art, which announces that its purpose is "to revitalize ownership as a necessary expression of the human spirit through the medium of the sacred dance and drama, and to inspire the dance with a higher spiritual conception."

Miss St. Denis, entering upon the third cycle of her career, proposes to devote all her efforts to making the dance a divine art, and according to her statement in the September Dance magazine, wants people to "learn to dance from God, as they once danced to God."

Believing that the churches seek a more pictorial way of conveying spiritual truth, Miss St. Denis asks "Why should we not dance as well as sing hymns to express the uplift of the soul?"

Although contemplating the busiest winter of her career, with the launching of her new, stupendous idea, Miss St. Denis will come to Winnetka every few weeks during the winter to supervise the work there.
