## Girl Reserves Have Future Of Youth Of Y. W. C. A. In Keeping

The Young Woman's Christian association is a fellowship of women and girls. The value of the fellowship lies in whatever it may contribute to self expression, discipline and growth of the whole life of its members and in the effectiveness of that group as it functions in the life of a community. It offers, therefore, to advisers of girls a place of leadership which has greatest value.

Any girl may enter this fellowship; there is nothing selective about its membership. The possibility of fulfilling this standard of achieving this growth, is in direct proportion to the gift of self of those advisers who have accepted places of leadership in the association movement.

The Girl Reserves are a cross section of the whole fellowship. They are a movement within the movement of the whole. All the resources of the organization, general and specialized, lie back of the Girl Reserves and are available for their development. The Girl Reserves are to the Young Women's Christian association, of which they are part the fresh stream which feeds into main current of the movement at its source or along its course—the very youth of its youth. They have its future in their keeping.

## Fine Meeting Held at Eastern Star Wednesday

Soresis Amicae, formerly the Junior Star club had charge of the meeting and the social hour following the regular meeting of Campbell chapter No. 712 O. E. S. last Wednesday evening. The balance of the evening was spent in playing cards, prizes being awarded for bridge and five hundred. Refreshments were served.

In view of the fact that according to a ruling of the Grand chapter, only a few visiting nights were permitted, the club is very grateful to the worthy matron, Mrs. Muller, for the privilege of acting on this night.
