

SEEK LEGISLATION TO RELIEVE SCHOOLS

(Continued from page 4)

ties surrounding Chicago and are due in larger part to the steady growth of population of Chicago and the metropolitan territory of which Lake county is a part.

After several meetings held in Chicago, a committee has been appointed, representing over 100 school districts in Lake county, Du Page county and Cook county districts outside of Chicago to propose constructive legislation to the General Assembly and to work for the defeat of such measures as are designed to seriously hamper our public schools on the north shore up to the state line and throughout other territories in Illinois as well.

Representative Richard Lyons of Mundelein, has introduced a bill in the Special session of the Legislature now in session at Springfield, which will go far to maintain the Lake county schools at their present standard. Representatives Carroll and Bolger and Senator Paddock are all supporting the bill.

The financial difficulty in Lake county is largely due to the outstanding school bonds voted by the people for school buildings. This bill enables school districts to levy a tax for the payment of maturing bonds and bond interest, apart from the tax for school operation. The school operation tax is reduced from the minimum of \$1.37½ and maximum of \$2.00 to \$1.25 and \$1.75 respectively.

The bill will place school districts on the same basis, as regards bond payments and bond interest, as all other municipal corporations in the state. It is one of the most constructive pieces of school legislation ever offered in the Legislature for school relief.

The special committee, working in conjunction with and with the support of the Illinois School Board association, includes Allan J. Carter, Evanston, chairman, B. M. Kohler, Glencoe, secretary and Howell W. Murray, Highland Park, treasurer. E. S. Rushmore, Fox Lake, John E. Reardon, Waukegan, and Howell W. Murray, Highland Park represent Lake county in this important undertaking.

Certain legislation has been introduced by special interests which will greatly cripple our present public schools if passed. The committee is using every effort to defeat these bills and the public is becoming aroused to the fact that our public school system is seriously threatened.

Dist. 107 Conditions

The situation in School District No. 107, in Highland Park is so critical that last year a Citizens' committee raised \$15,000 a year for three years by private subscription to pay the operating deficit in order to maintain its schools. This is said to be the only case on record where a community has raised a public school operating deficit by private subscription because tax revenues were insufficient.

The proposed legislation is of vital importance to every child in Waukegan, Fox Lake, Wauconda, North Chicago, Deerfield, Highwood, and Highland Park and to many other cities throughout the state.

H. P. Beverages Hold First in Pin League

The fourth week of the Business Men's Bowling league opened last night at the Majestic Alleys with Picchietti Bros. taking three games from Fell's Shoes and Meierhoff's winning three from Nelsons. This week finds the Highland Park Beverages in first place, Picchietti Bros. second, and the Reliable Laundry, third. The games are getting very close and exciting, reports Mr. Lencioni, manager of the league and everyone is welcome to come and root for his favorite team.

Tonight Sweetland's meet the Reliable Laundry and the Beverages meet Bock's in what promises to be an exciting meet.

The Majestic weekly prize for high score went to Bonnie Bernardi who rolled 242 in one game. Joe Guerri, Raymond Sheahen and Harry Steiber averaged over 600 in last night's series.
