

GIRL RESERVES ARE FRIENDSHIP GROUP

Membership Means Sharing, Giving, Power; Open to All Girls Always

The Y.W.C.A. and the Girl Reserve Movement belongs to women and girls of the community and it reaches as far as the members will make it reach.

Membership in the Y. W. C. A. means sharing; sharing means giving; combined giving means power. The gift of interest and effort carries every girl and woman in friendship help and greetings to girls and women of every race, nation and occupation. This is what the Girl Reserves junior members of the Y. W. C. A. are endeavoring to do by joining hands with American girls and women from coast to coast in great enterprise, by ceasing to be just spectators and becoming working partners in building up higher standards of living.

Working Plan

In order for the girls to carry out a purpose and doing interesting things together it is found necessary that some kind of a working plan be essential. An adviser sponsors each Girl Reserve Triangle, who is a companion and friend to each girl always willing to do her part and more.

The Kota-de-awa Triangle of the Deerfield-Shields high school is trying its best to live up to these ideals. Discussion has been begun on such topics as: School problems, boys, (Continued on page 13)

Illustrated Lecture with Accompaniment Delights Audience

The newest and rarest treat was given to lovers of Art and Music in Dudley Crafts Watson's lecture on "The Moor in Spain." Mr. Watson uses orchestral violin and piano accompaniment with the paintings and colored photographs which illustrates his lecture. The music is chosen to interpret the country and wood which is described. The pictures are inconceivably lovely being on original paintings by the best artists like Sorolla Olson Clark, Grace Ravlio, Irma Koen; with Mr. Watson's poetic description they leave one with the most charmed and happy mood.

His next lecture will be on "The Glory of Norway" done in the same manner. If any country has beauty it is certainly Norway with its Fjords with their depth of color. This also will have the musical interpretations. This lecture takes place on Monday night, Nov. 30 in Matz hall, Community house, Winnetka at 8:15.

WRITTEN IN 1857; IS ADAPTED TO PRESENT

Remarkable Quotation from Harper's Weekly, 74 Years Ago, Fitting Today

The following furnishes food for thought. Read all of it or none:

It is a gloomy moment in history. Not for many years—not in the lifetime of most men who read this paper—has there been so much grave and deep apprehension; never has the future seemed so incalculable as at this time. In our own country there is universal commercial prostration and panic, and thousands of our poorest fellow citizens are turned out against the approaching winter without employment, and without the prospect of it.

In France, the political caldron seethes and bubbles with uncertainty; Russia hangs, as usual, like a cloud, dark and silent upon the horizon of Europe; while all the energies, resources and influences of the British Empire are sorely tried, and are yet to be tried more sorely, in coping with the vast and deadly Indian insurrection, and with its disturbed relations in China.

It is a solemn moment, and no man can feel an indifference (which, happily, no man pretends to feel) in the issue of events.

Of our troubles no man can see the end. They are, fortunately, as yet mainly commercial; and if we are only to lose money, and by pain— (Continued on page 12)

D.A.R. Better Films Committee Review

The thing that will have most interest for children in the week to come, is the beginning of a new serial. It is called "The Land of Wanted Men" and takes you back to the days of Buffalo Bill and the thrills and terrors of pioneers. The picture to be shown in the evening of that day is "Honor of the Family." This is a picture featuring Bebe Daniels but has not very much to recommend it. "Sidewalks of New York" Two such good actors as Buster Keaton and Cliff Edwards should have a better vehicle than this slap-stick comedy, it is not up to the usual standard, and does not receive a very good rating. Sorry. "Pardon Us" is by all odds the best attraction until next week Thursday when "Skyline" comes and "The Dreyfus Case" and other good things will follow. "Pardon Us" brings us Laurel and Hardy in their first full length comedy. This is a clever clean and amusing and real character comedy will be observed. All the family will enjoy this film.
