**Electrol Oil Burner**  
 When it comes to figuring the real cost of oil heating, it's not the initial cost of the burner that tells the complete story. It's the cost of operating your burner—year after year—that determines whether or not you will enjoy the greatest advantages of automatic oil heat economy. And, in the final analysis, this heating economy hinges on the design of the burner you select.

**MR. SNYDER TO SPEAK ON JOURNALISM IN FRIDAY ASSEMBLY**

Fredrich M. Snyder, New York newspaperman, will speak in assembly Friday, December 11. "Keeping Ahead of the Headlines" will be the subject of Mr. Snyder's lecture.

His talks deal with current topics of interest and are factual, inspirational, "eyeographical" accounts.

Mr. Snyder was designated a Special Commissioner of the Press congress in 1925 in recognition of his efforts to establish peace and goodwill among the journalists of all lands. He represented the congress as an observer in the press section of the League of Nations at Geneva. Mr. Snyder has a newspaperman's slant on "News," and his lecture gives an outline of the romance of news gathering. He makes a strong plea for clean journalism and issues a challenge to the reporter, the publisher, and the reader.
