Buy in Highland Park

We know you're going to
have "Christmas" this year

The Merchants of this community are always those first called upon when support is needed for a community project. The fact that HIGHLAND PARK is one of the finest residential communities on the North Shore is due largely to their support. This year more than ever, pride in your community should demand that you give the support of your buying power to those merchants who have supported your community. Shopping in Highland Park offers many advantages over shopping elsewhere! Here the discriminating shopper will find a wide selection of new and timely merchandise of every kind and description at actual dollar-for-dollar values that will equal, if not beat, anything that can be found anywhere else and it is not necessary to battle throngs of nervous, rushing Christmas shoppers.
